March Goes Out With A Blast

March ended with plenty of its traditional wind Monday, as shown here in a picture snapped while Mrs. Robert Furtwangler, 5645 Newton hung out the Monday wash. She's in the picture, but nearly obscured by the flailing clothing on the line. (Star Photo.)

DEMOS TO TAKE VETO ISSUE HOME

May Try Override On Farm Freeze Bill After Vacation

Washington (AP)—President Eisenhower vetoed a bill to freeze crop price supports Monday without yielding an inch on his flexible farm program.

Attacking the veto vigorously congressional Democrats decided to take the issue to the home folks during an April 3-14 Easter vacation before attempting an uphill effort to override the veto.

In a message which Sen. Young (R-SD) told the Senate he assumed was actually written by Secretary of Agriculture Benson, Eisenhower called the politically explosive bill "ill advised from the standpoint both of the nation and of our farm families."

"With regard to government controls, what the farm economy needs is a thaw rather than a freeze," Eisenhower said.

Wanted To Help

In a separate statement recorded for television and radio, the President said:

"I vetoed this legislation because I wanted to help, not hinder, farm families in their efforts toward a balanced, more prosperous agriculture. It is my firm conviction that the situation today calls for forward-looking action—not enforced stagnation."

"We must improve the farm program—not freeze it."

Without making any concessions to those in Congress who have contended that a scheduled decline in support levels would be a disastrous economic blow to farmers, Eisenhower repeated in his veto message his January appeal for enactment of a 5-point program. Among other things that program would give Benson authority to reduce supports to even lower levels.

Substitute

The vetoed bill, which would have held price props and acreage allotments for one year at 1957 levels or higher, was the Democratic-controlled Congress' substitute for the Eisenhower-Benson program.

An immediate effect of Eisenhower's action was to permit a reduction in dairy price supports.

Benson ordered manufacturing milk supports dropped from 82¢ of parity to 75¢. Butter supports were ordered cut from 79¢ to 75¢. Parity is a level designed by law to

U.S. UNIMPRESSED

The United States dismisses as meaningless the Russian announcement of intention to suspend nuclear tests. Story on Page 2.

Mild, Damp Day Ahead

Scattered light rains Tuesday should force early-bird gardeners and yard rakers into other activities.

The Weather Bureau sees showers over the entire state Tuesday and continuing in the central and east Tuesday night.

High temperatures will range from 50 to 60, forecasters said.

Monday's warmest temperature in the state was 68 at Chadron and the coolest was 28 at Sidney. Lincoln's high was 59 and the low 37.

The Weather

NEBRASKA: Scattered light showers over state Tuesday, central and east Tuesday night. Cooler west. Highs Tuesday 50 to 60.

KANSAS: Scattered showers east and extreme north Tuesday, over most of state Tuesday night. High Tuesday 50 to 60, low 30 to 40.

New Drive For Signers Planned

Referendum Signers 32 Short, City Attorney Nelson Rules

By Nancy Benjamin

Leo Bartunek, backer of recent referendum petitions to put the city wheel tax to a vote at the May 13 primary, announced a new plan in the wake of defeat of the referendum drive.

An initiative petition drive "to enact an ordinance to do away with the wheel tax" is now in its planning stages, Bartunek commented.

Wording of the initiative petition drive, and collection of signatures "have not yet been started," Bartunek said Monday evening, following an afternoon announcement that referendum petitions he supported had failed to meet the 1,371 valid signature mark by 30-some names.

Bartunek said his second campaign, like the first one, "is aimed at bringing this wheel tax issue before the voters where it belongs."

He estimated that some 3,000 valid signatures would be needed to meet the initiative petition goal of 15% of the total vote cast at the last city election.

'More Time'

"We have more time and more experience now," he explained, "and I'm sure we could get the necessary names."

The ruling that the referendum petitions had fallen 32 short of the needed number came at a stormy City Council session Monday afternoon.

City Atty. Ralph Nelson reported to Council members that "the maximum valid signatures" on the referendum petitions totaled 1,339. At least 1,371 valid signatures were needed to put the wheel tax to a city-wide vote.

Nelson explained that no council action was needed because the protest signatures failed to meet the requirement of 15% of the highest vote for councilman in the last election.

Written Report

Further consideration of the protest petitions was slated, however, as Nelson said he would submit a complete and written report on the legal aspects of the signature validation check.

Chauncey Barney, representing proponents of the vehicle levy, and Bartunek, both indicated they will again bring up the issue next Monday.

Barney asked for and received Council permission to (Continued on Page 2, Col. 7.)

Weaver And Miller Both Disappointed

Washington — Two of Nebraska's Congressmen Monday expressed disappointment over President Eisenhower's veto of the controversial farm support price freeze bill.

Congressman Phil Weaver said, "The disapproval of this measure will mean just one thing—less income for every citizen in Nebraska."

"Our farm people have been caught in an economic downward spiral for several years. The price for their products has not been kept in balance or been on a par with higher costs that they must pay for their many tools of production."

"Although this measure would not have solved all of the ills of agriculture, it would have temporarily assured a breathing spell for farmers, so they could catch up and perhaps realize a better adjustment at their levels of income."

The veto was "a mistake, I think," Rep. A. L. Miller said.

Miller said the bill passed by the Senate and House "was a rather moderate approach" which would have given some much-needed aid to U.S. farmers.

"The veto means 17 or 18 million dollars less for Nebraska wheat growers this year, and that much less purchasing power," Miller said.

He said "I think I'd vote to override (the veto) if it comes to the House." A two-thirds vote in both houses is necessary to overrule a presidential veto.

(Another story on Page 8.)

CUSHMAN TO LAY OFF 30; W.E. MAY MAKE CUTS TOO

More manufacturing employee lay-offs are in store for Lincoln.

Cushman Motor Works will drop 30 employees starting next week, Robert A. Mamon told The Star. He said the slight drop in employment is due to "lousy weather conditions in the South" and the resulting cut in sales.

Western Electric Co., Inc., is understood to be considering some lay-offs this spring.

"We've made no decisions yet," Grey Jewett, assistant superintendent of industrial relations and production, said. He would neither confirm nor deny the possibility.

Made Cut Earlier

Western Electric had previously reduced its working force (which averaged 1,214 in 1957) in January and February. WE's annual payroll is near \$7 million.

Earlier this year, the Good Year Tire and Rubber Co., reduced its employees by over 100—85 in January, 20 in February. Goodyear officials said Monday no further reductions are planned at this time.

Goodyear employs 830. Elgin National Watch Co., which is closing its Lincoln plant, has laid off about 100 employees thus far, latest rec-

ords at the Lincoln office of the State Employment Service indicate.

Some 713 employees were still on the payroll, according to latest figures.

Most Elgin employees are expected to be laid off by the end of May. The annual Elgin payroll here was \$4 million.

New Industrial Site

Another factor concerning Lincoln's future industrial growth is the proposed new Cushman plant to be located on the newly-zoned tract in southeast Lincoln.

Cushman officials have said that the site would not be developed for at least 2 years and that future expansion would depend directly on the national economic situation and Cushman development.

Lincoln has apparently passed its peak unemployment (2,800) now, Glenn Jones of the Lincoln employment office said Monday.

"The only serious problem is taking up the slack of manufacturing lay-offs," he pointed out. "We need new industry."

Seasonal employment and "nice weather" will aid the situation this spring, Jones said.

U.S. Arms To Cuba Held Up

Washington (INS)—The State Department disclosed Monday it has held up delivery of a shipment of U.S. arms destined for the Batista government in Cuba.

The department said the load of rifles was suspended at New York on March 15 "to allow us the opportunity of consulting further with the appropriate Cuban officials."

In answer to inquiries, the department said that it wanted to be assured "that the arms are destined for uses consistent with the objectives of our mutual security legislation."

'Tensions'

The statement added that the action followed a "consistent practice to weigh carefully" all arms aid deliveries "consigned to areas where political tensions have developed."

The department said that while Cuba's political tension "is a matter of sympathetic concern" to the U.S., it would be "entirely contrary to our policy to intervene in Cuban internal affairs."

Rebel leader Fidel Castro has threatened to lead an uprising to unseat President Batista.

The department said flatly, "we do not intend to become involved."

First Step

Havana (AP)—Rebel leader Fidel Castro called upon Cubans to paralyze the nation's communications as a first step in what he called his final blow to topple President Fulgencio Batista.

Castro reiterated in bulletins circulated in Havana a nationwide general strike will be called at "the right moment."

Rebel followers in Havana said the call might be held up until after Easter. Nevertheless, some workers in easternmost Oriente Province, the seat of Castro's rebellion, suddenly quit their jobs.

Dead At 168

Monteria, Colombia (AP)—Javier Pereira, the little Indian believed by many persons to be the world's oldest man, died.

Experts said there was no way to fix his exact age, but some persons claim he was 168.

Pereira went to New York in the fall of 1956 for examinations by medical authorities. One hospital report at that time said it was possible he might be more than 150.

AIR BASE WINS, DESPITE SCARE

Lincoln Air Force Base's campaign to go 3 months without a reportable accident survived a bad scare just 23 minutes before the final gun at midnight Monday.

The base became eligible for a \$1,000 prize when A. C. Kenneth W. Carver, 21, was released after treatment for back injuries suffered in a one-car accident at 10th and Oak.

His car went out of control for 300 feet, police said, and then overturned. Carver was alone in the auto.

A Load Of Loaded Dice

Asst. Police Chief Eugene Masters (left) and Det. Lt. E. R. Henninger (right) inspect the hundreds of pairs of crooked dice—reportedly valued at thousands of dollars—which were found in a secret compartment behind the back seat of the car of two Rea, Mo., men picked up for investigation Monday noon. Chief Joe Carroll said the men, ages 25 and 31, had been under surveillance for several weeks. They were stopped near 14th and Cornhusker and when the car was brought to headquarters the dice were discovered. Carroll said the men also had printing equipment in their possession which was used to print identification cards to "crash" private clubs. The men would pick out a pair of dice from their collection which matched those used in the club and use them to gamble with, Carroll said. A special stamping machine for the dice was also found, which was used to imprint the names of the appropriate club or fraternal organization on the dice, Carroll added. The men are being held on an open charge pending a decision as to what charge to file against them. (Star Photo)

Canada Conservatives Landslide Into Control

Toronto (AP)—Prime Minister John Diefenbaker's Conservatives won the most decisive federal election victory in Canada's history.

They swept into control of the House of Commons by a landslide majority that amazed even their most confident backers.

With all but 2 districts completed, the Conservatives had won 209 seats out of the total 265 and were leading in another district. The greatest previous election victory was in 1949, when the Liberals won 190 seats.

The Conservative sweep completely eliminated one of the splinter parties, the Social Credit, and reduced the Socialist Cooperative Commonwealth Federation from 26 seats to 8. The once powerful Liberals had won only 46 seats and were leading in one other district.

Reports from 91% of the polling precincts gave the Conservatives 53% of the record popular vote to 35% for the Liberals. The count was Conservatives 3,559,873, Liberals 2,308,885.

4 Years

The victory in this showdown federal election assured the Conservatives of another 4 years or more in office.

Diefenbaker won his own seat easily in his Prince Albert, Sask., district, defeating Liberal Ernie Unruh and Socialist Mrs. Thor Wiggins. His cabinet ministers also were returned.

A rangy prairie lawyer, 62, Diefenbaker said he would call the new Parliament into session quickly to take up Canada's serious unemployment problem. He described it as the No. 1 issue before the Commons.

Liberal leader Lester B. Pearson, former foreign minister, 1957 winner of the Nobel Peace Prize and chief opposition spokesman in Parliament, conceded the Conservative victory. He sent the Prime Minister a telegram congratulating him and declaring:

"I can assure you of the co-operation of the Liberal opposition in all measures which will advance the best interests of the country."

Pearson himself managed to squeeze through, again winning his seat in northern Ontario's Algoma East.

The most stunning defeat for the Liberals came in French-speaking Quebec Province, long a Liberal stronghold. It appeared the Conservatives would take more than half of Quebec's 75 seats.

Nice Income

Sydney (AP)—Though television was introduced to Australians little more than a year ago, license fees for TV sets are beginning to contribute substantially to government income. The fee is \$11.25 (5 pounds Australian). There were 200,447 licensed sets at the end of February.

Tax Move Waits

April Statistics May Bring A Cut Decision

Washington (AP)—The House Monday passed an administration bill to speed up the spending of 840 million dollars on government equipment and supplies.

It was requested by President Eisenhower as an anti-recession measure, to get the money into the business stream months earlier than would otherwise be the case.

Some democrats said they didn't think it would help much. Passage came on a voice vote, with not much debate.

In other major developments bearing on the recession:

Decision Nearing

1. Secretary of Labor Mitchell indicated that April may be the month of decision on whether the administration will propose a tax cut. "If and when a next big step is necessary certainly this is one that should be seriously considered," Mitchell told a news conference.

2. The Senate Banking Committee approved a bill to lend up to one billion dollars to municipalities for public works projects. The maximum interest rate would be 3½%. Under present similar programs the rate ranges from 4½ to 4¾%.

3. The National Association of Manufacturers (NAM) presented testimony against bills for federal payment of emergency unemployment benefits. The NAM said this would just be a dole. Democratic Gov. Mennen Williams of Michigan testified that federal aid is badly needed.

Secretary Mitchell said March data on unemployment will probably not show much change from the 5,173,000 reported idle in February.

But, he told reporters:

Sound Economy

"Certainly there is no reason for alarm, no reason for hysteria, because we have a basically sound economy."

The bill the House passed would direct most federal agencies to start making purchases without waiting for the arrival of the new fiscal year July 1.

It would limit advance purchases to 840 million dollars, or 50% of planned buying in the new year. However, the Appropriations Committee estimated that not more than 200 million would be spent before July 1.

Chairman Cannon (D-Mo) of the Appropriations Committee said it might sustain or increase inflation by increasing the demand for goods. He also said there is a danger of a slump later when purchases normally made then could not be made.

Rep. Gross (R-Iowa) asked if the bill were not "a tongue in cheek proposition."

Rep. Taber (R-NY), top Republican on the committee, replied that the committee didn't want to turn down the President's request.

The vote in the Senate committee on the bill to provide loans to municipalities was 13-2. The bill was sponsored by Sen. Fulbright (D-Ark); the Eisenhower administration opposed it. The committee reduced the bill from 2 billion dollars to one.

U.S. Shrugs Off Red A-Tests Suspension

Congressmen Term It Phony Invitation Russia Sets No Date For Lone Ban

Washington (AP)—The United States Monday rejected Russia's invitation to join in halting nuclear tests without bothering to check up on each other.

In diplomatic tones, the State Department called the Kremlin move so much propaganda hot air, whose only aim was to wilt Western defense.

The uncompromising rejection of this bid was balanced somewhat by an olive branch approach to a summit conference. The department made public a Western Big Three note to the Kremlin which, for the first time, leaned toward the Russian formula for pre-summit talks.

Nikolai Bulganin's last note as Soviet premier to President Eisenhower on Feb. 28 emphasized that any pre-summit foreign ministers meeting must be "strictly limited" to fixing an agenda, time, place and roster of participants at the summit.

Many Times Rejected This was rejected many times by Eisenhower and Secretary of State Dulles and formally snubbed in the U.S. memo March 6 to Moscow.

But Monday's U.S.-British-French note pointedly omitted words like "negotiate" and "substantive." It substituted "preparatory work" and "examine the position" for "negotiate." And it emphasized, as far as dealing with substantive matters went, that no decisions were sought at below-summit level.

It offered to start Big Four ambassadorial talks in Moscow in late April.

The U.S. reaction to Russia's announced plan to suspend nuclear tests came in several forms—an official statement, news conference remarks by Lincoln White, State Department press officer, and comment by members of Congress.

Two leading house members of the Joint Committee on Atomic Energy, Chairman Durham (D-NC) and Rep. Van Zandt (R-Pa.), both called the Russian proposal a phony.

The assistant Democratic leader of the Senate, Sen. Mansfield (D-Mont.) said: "We had better be wary, careful and deliberate."

Caudle, Connelly Denied Reviews In Tax Conviction Washington (AP)—Two former officials in the Truman administration Monday were denied a Supreme Court review of their conviction for conspiring to fix a federal income tax case.

They are Matthew J. Connelly, 50, who was President Truman's appointments secretary, and T. Lamar Caudle, 53, who was an assistant attorney general in charge of the tax division of the Justice Department.

The 2 were sentenced at St. Louis March 5, 1957 to 2 years in prison and fined \$2,500 each. Monday's announcement that the Supreme Court would not review their case does not necessarily mean they are at the end of the legal road. Presumably they will ask the court to reconsider.

In recent years Caudle has been practicing law at Wadesboro, N.C., and Connelly has been in public relations work in New York.

The charge against them was that they conspired in 1945-50 to defraud the government of their services by trying to sidetrack criminal prosecution of Irving Sachs, a St. Louis shoe manufacturer.

Good Will Link Ruisslip, Eng. (AP)—A school in this Middlesex town is planning a good will scheme of pupil and teacher exchange with a United States school to improve understanding between the two countries.

Moscow (AP)—Soviet Russia told the world Monday it is stopping all nuclear weapons tests—but left the door open to resume them unless other powers take the same step.

The Soviet Union set no date for its go-it-alone ban and it may endure no longer than the first blast in a new series the United States will start in the Pacific, possibly within a few weeks.

A resolution submitted to the Supreme Soviet (Parliament) from the Council of Ministers by Foreign Minister Andrei Gromyko was adopted unanimously. It asked that the government "unilaterally cease making tests of all forms of atomic and hydrogen weapons."

Free To Act "If other countries possessing hydrogen and atomic weapons continue their tests," the resolution added, "the Soviet government will be free to act in the same manner in the interests of the security of the Soviet Union."

Other resolutions appealed to the U.S. Congress and other Parliaments to ban tests, and urged West Germany to change its mind about accepting missiles and nuclear weapons in its armament.

Gromyko announced the action at the final joint session of the Supreme Soviet which approved unanimously every proposal put before it.

Menard Case Appeal Filed A transcript was filed Monday appealing to the Nebraska Supreme Court the Lancaster County District Court decision on the John Paul Menard case on "earned good time."

The appeal was filed in the name of Robert E. Nichols, superintendent of the Nebraska State Reformatory, by Assistant Attorney General Gerald Vitamvas.

District Judge Harry Spencer ruled last week that Menard, a Reformatory inmate, had been held in custody longer than he should have been due to a different interpretation of 2 statutes on "earned good time."

He ordered Menard released immediately after granting the inmate's habeas corpus petition.

The state maintains that under its interpretation of the "earned good time" statutes, Menard has not yet completed the lawful requirements of his sentence.

Vitamvas filed a notice of intent to prosecute appeal following Judge Spencer's action last week, which resulted in Menard's being released on bond in order that the state could file action in the Supreme Court.

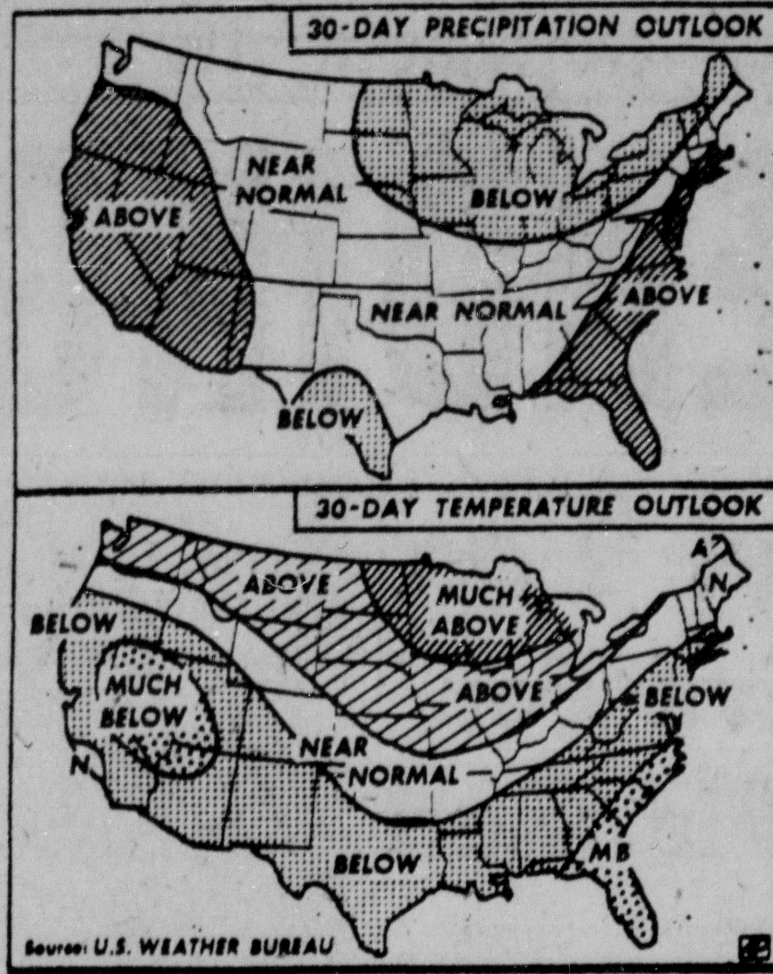

More Houston Babies Under Close Watch Houston, Tex. (AP)—Eight of the 16 babies born in Jefferson Davis, (City-County) Hospital in the past 24 hours are suspected of having the dread staphylococcus aureus germ, hospital officials reported Monday.

The germ causes a bacterial infection and resists the "miracle" drugs.

The officials stressed that the cases are suspect only. The lethal germ has claimed 19 lives in Houston, 17 of them at Jefferson Davis, since the first of the year.

A doctor and 2 graduate nurses were added to the list of carriers of staphylococcus which swept through the nursery.

A hospital official said the 3 brought the total to 5 known carriers of strain 81 of the bacteria.

PLEASANT PROSPECT These maps, based on those supplied by the United States Weather Bureau, show a pleasant prospect for Nebraskans during April. The 30-day outlook for the state is above-normal temperatures and near-normal precipitation. (AP Wirephoto)

Fight Their Way Rome (AP)—Politicians from one end of the country to the other ran, walked and fought their way to the nearest court rooms.

Their object: To get the choice first place on the ballots for the May 25 Parliamentary elections.

Council To Reconsider Hwy. 77 Zone The City Council voted unanimously Monday to reconsider at a later meeting their 4-1 denial of commercial zoning of a So. 14th (Hwy. 77) tract.

The action was taken after Atty. Robert Jeffrey requested a further hearing to submit traffic count studies of the area.

The tract, owned by Mrs. Laura R. Wolfe, is a 300 by 630 ft. area located about 2 1/2 of a mile south of Pioneer Blvd. on So. 14th.

The zoning "highway commercial" was also denied by the City Planning Commission as the beginning of strip zoning which would lead to the same congestion and traffic problems that exist on the Cornhusker Hwy.

The tract was proposed as a parts depot and local sales office for the Nebraska Tractor and Equipment Co. of Omaha.

15 Liquor, Beer Permits Get Renewal Renewal of 15 beer and package liquor licenses was approved by the City Council Monday.

Two new applications, one to O. F. Humble for a package liquor license, and one for on-and-off sale beer license to Edward E. Lawrence and John Cejka at 1040 P, were held over for hearing next Monday.

Approval was given to: Off Sale Alex and Frieda Dietrich, Bldg. 308, Husker Hotel, 147 No. 9th. On And Off Sale Leonard Stransky, 1300 K. Legionnaire Club, 1235 P. BYOE Lodge 80, 205 No. 13th. First Woman Candidate Files For County Post

... Mrs. Robert Rager, Democrat

The first woman to file for a Lancaster County elective post this year did so Monday.

Mrs. Robert (Dolores) Rager of 2346 West O filed on the Democratic ticket for the Register of Deeds position now held by Republican J. G. Vaughan.

Another Democrat, Fred S. Claus of 2349 West O, filed for County Engineer. Louis W. Weaver, a Republican, has held the position since 1932 and has also filed for re-election.

Oberg Files Republican Wallace G. Oberg of 1933 So. 13th filed Monday for County Treasurer.

C. E. Berg, another candidate for re-election and also a Republican, has held the post since 1938. The filings provide Vaughan, Weaver and Berg with their only competition so far. Filing deadline is Thursday.

All 3 of the new candidates cited a need for "more competition" as their reason for filing. Oberg said he believes more competition is needed for county offices within the respective parties, and that is why he chose to oppose a fellow Republican.

Younger People Needed Mrs. Rager, 33, said she believes there is a need for younger people to file for county positions. "I have the time to give to the job," she said, "and I would be fair and impartial."

A life-long Lincoln resident, Mrs. Rager operates the Base View Trailer Court. Her husband operates the U-Co-Op Oil Co. They have a 9-year-old son.

Mrs. Rager is a member of the Lakeview Methodist Church, American Legion Auxiliary and a life member of the PTA. She is a Lincoln High School graduate.

Claus, 51, operates the Claus Driveway at 2349 West O and also is engaged in industrial survey work for an eastern engineering firm. He served as senior engineer for the Kansas Highway Commission from 1929 to 1941.

Judy Garland Says She May Charge Assault New York (AP)—Judy Garland said Monday if a Brooklyn night club owner wants to go to court over an interrupted engagement she'll be in court too—with an assault and battery charge.

Judy cut short a performance at Ben Maxisik's Town and Country Club, telling the audience she had been fired.

Maksik said she was supposed to appear about 2 more weeks and he was holding her, her husband, and her agent all responsible for violation of her contract.

Judy said if Maksik sues "I intend to charge Mr. Maksik for assault and battery. I have a big bruise on my shoulder from where he struck me last night."

But Maksik contended the blows all came in his direction.

He said Judy "went for me and tried to get me in the eyes."

Judy walked off after apologizing to her audience of nearly 2,000.

Anti-Wheel Tax Initiative Set

(Continued from Page One.) examine the protest petitions in a further check of their validity. The Council responded by unanimous vote to make the petitions available to the public, under supervision of the City Clerk, until city offices close Friday.

Bartunek told councilmen he planned "further action in the interests of the electorate" and that he was permitted to submit further protest petitions "for a period of 10 days after the clerk certifies the number of valid signatures on the original petitions!"

Not So—Nelson The city attorney denied that Bartunek's statement was correct, explaining it as "an attempt to read something into the law which is not related to referendum petitions." He added that the deadline for correction and submission of the petitions was 15 days after the ordinance was passed Mar. 3.

Action on the wheel tax protest petitions began at 9:30 a.m. when Theo Berg, city clerk, brought the petitions back from the Election Commission office where they had undergone a week-long validity check against voting registration records.

Election Commissioner Harold Gillett reported that 1,552 of the 2,269 petition signatures submitted for check were valid. His check ruled out 68 for deficiency in name or address, including some illegible signatures. It also ruled out 645 for change of address (not registered voter) living outside city, irregularity in signature (women signing husband's first name) and other reasons, and 4 names which appear more than once on the petitions.

Above Number Needed The commissioner's check of 1,552 signatures was well above the 1,371 required for further Council action on the wheel tax levy ordinance.

However, Nelson further ruled that 49 signatures were invalid because they appeared on petitions on which the signer of the petition affidavit was not also a signer of a protest petition. Another 164 signatures were removed from the valid listing at request of the signers, Nelson said, commenting that "probably a lot more signers will ask their names be removed."

Further withdrawal of names from the protest petition can be made until the Council takes final action on the matter. The action is expected next Monday when Nelson plans to submit his formal report on the validity check.

Polio Victim, 10, Looking For Ride

Louisville, Ky. (AP)—A 10-year-old polio victim has lost his transportation to school.

Someone took Michael Morrison's bicycle, purchased 5 months ago by his father.

Although Michael rode the bike well, he can't walk without crutches. Doctors suggested he use the bike because he needs the exercise as therapy for his partly paralyzed left side.

The father can't buy his son another one. He's had only 2 weeks' work since early December.

Eight Killed

Lagos, Nigeria (AP)—Eight persons were killed and several hundred injured in rioting that followed the traffic death of Alhaji Adeogoke Adedabu, opposition leader in western Nigeria's House of Assembly, police reported.

The rioters reportedly were convinced Adedabu, who was regarded as a political hero, was the victim of a plot by his political opponents.

5-Day Week

Peoria, Ill. (INS)—More than 20,000 workers went back on a 5-day week schedule at the Caterpillar Tractor Co. in Peoria.

The plant went on a 4-day week Jan. 13 rather than lay off some workers because of a heavy inventory of unsold tractors.

8-Day Week

Peoria, Ill. (INS)—More than 20,000 workers went back on a 5-day week schedule at the Caterpillar Tractor Co. in Peoria.

8-Day Week

Peoria, Ill. (INS)—More than 20,000 workers went back on a 5-day week schedule at the Caterpillar Tractor Co. in Peoria.

Dr. Nielsen New Head Of Hospital

... At Hastings

Dr. Juul C. Nielsen has been named superintendent of the Hastings State Hospital by the Board of Control.

Nielsen, who served as head of the institution from 1933 to 1951 (with a 3-year leave of absence for military service from 1942-1945), will succeed Dr. Jack A. Wolford who has resigned effective June 1.

His appointment leaves the Board with one more superintendent's position to fill in the immediate future—that of head of the State Home for Children. Dr. William Lerner has resigned effective July 1.

The Board last week named Capt. Harold Smith, former head of the criminal division of the State Safety Patrol, as superintendent of the Men's Reformatory to succeed Robert E. Nichols who has resigned effective April 15.

Dr. Nielsen is now superintendent of Central State Hospital at Petersburg, Va.

His salary as head of the Hastings hospital will be \$17,000 a year plus maintenance for himself and his family, and less the rental charged for the apartment in which he will live on the institution grounds.

Nielsen, 61, is married and has 2 children who are attending Miami University.

NU Grad A graduate of the University of Nebraska College of Medicine in 1926, Dr. Nielsen served as a resident physician at the Norfolk State Hospital from 1929-1930, as assistant superintendent from 1930-1931, and as superintendent of the Norfolk institution from 1931 to 1933 when he went to Hastings.

Dr. Nielsen resigned from his \$7,500 a year post as head of Hastings in 1951 to accept a better paying position as medical director for mental health and superintendent of Carter Memorial Hospital at Indianapolis, Indiana.

He also was clinical professor of psychology at the University of Indiana until 1955 when he was named head of the Carter State Hospital in Virginia.

Dr. Nielsen received his Nebraska license in 1926, his Indiana license in 1951 and his Virginia license in 1955.

He is a fellow of the American Medical Association and the American Psychiatric Association, and was certified in psychiatry in 1938 and in mental hospital administration in 1954.

Albion Man To File For Unicom

Albion, Neb. (AP)—Herman J. Estrem, 60, farmer and livestock man and director of the Albion National Bank, said Monday he would file for nomination to the Legislature from the 27th District, comprising Boone and Antelope Counties.

Estrem, lifelong resident of Boone County, is vice president of the Advisory Board of the Federal Land Bank of Omaha. He owns the farm where he was born a few miles south of the Antelope County line.

The incumbent, John Donner of Elgin, has filed for re-election.

Probers Disclose NBC Favors Given FCC Staff Members

Tuesday, April 1, 1958 The Lincoln Star 3

... Havana Entertainment, Prizes

Washington (AP) — House investigators disclosed the National Broadcasting Co. has provided favors ranging from entertainment in Havana to prizes for girls bowling leagues—all for people who work for the Federal Communications Commission (FCC).

A letter put into the record by the House subcommittee on legislative oversight listed, among other things, 52 Christmas gifts to FCC officials and employees in 1956.

The letter, from NBC vice president Thomas E. Ervin, was produced during testimony by FCC chairman John C. Doerfer, who said he didn't know the extent of favors given his staff by the radio-TV industry.

The NBC accounting included such things as a television set for an FCC secretary, 3 television sets for Doerfer and \$42 for "entertainment in Havana." Neither the secretary nor the recipient of the Havana entertainment was identified.

Prizes

The list included items ranging from \$12.35 to \$32.50 for girls bowling league prizes.

Chairman Harris (D-Ark) of the subcommittee said, without particular reference to the NBC list, that there is an "intolerable" tendency on the

part of some public relations persons to claim expenses for entertaining public officials who actually had no part in the social function involved.

Doerfer agreed. He said he wished Congress could do something about "influence peddlers who haven't got any influence."

He referred, he said, to "name-droppers" who on occasion have pretended to have influence with him when he hardly knew them.

Not A Gift

Another witness was Edward M. Webster, who retired from FCC in 1956 but said he still has a color TV set loaned him by Radio Corporation of America (RCA). Webster said he did not regard this as a gift and that RCA could have it back anytime they wanted to come after it.

Webster said he knew there were "terrific goings on" in Miami over the disputed grant of a television channel but neither he nor any other witness said they experienced any pressure in that or any other case.

FCC commissioner Robert E. Lee, one of the other witnesses, testified he regularly winds up losing money on official trips even though he lets broadcasting interests pay his hotel bills.

MoPac Cites Heavy Losses On Its Crete-Auburn Line

The 70-mile branch line of the Missouri Pacific Railroad running from Crete to Auburn has been losing from \$55-\$300,000 a year since 1938, according to M. J. Hennessey, assistant to the comptroller of the Missouri Pacific.

Robert Romero, Interstate Commerce Commission examiner, began taking testimony Monday on the railroad's application to abandon the Crete-Auburn line, built in 1888.

According to MP officials, "Consistent losses and dismal future prospects of enough tonnage have forced us to discontinue this branch line."

Ex-Gov. Rober Crosby, representing the Crete Branch Assn., heads the list of attorneys opposing the abandonment. Walter C. Treanor of St. Louis represents the MP group.

Repairs Costly

The MP decision to discontinue the line was made in 1957, according to Treanor. Officials said it was badly damaged in 1950 by floods, and the railroad had to "spend heavily for repairs or be forced to scrap the line then."

H. T. Bradley of St. Louis, first witness for the MP, estimated that 12,500 persons are served by the branch line.

Entomologist Orlando Bare Of NU Dies

Funeral services for Orlando S. Bare, 67, an associate professor of entomology at the University of Nebraska, will be held at 3 p.m. Thursday at Warren Methodist Church, 45th & Orchard.

The Rev. Keith Shepherd will officiate and burial will be in Lincoln Memorial Park.

Mr. Bare died Monday.

Born at Clearwater, he received his Bachelor of Science degree from the University of Nebraska in 1926 and his Master's degree from the University in 1929.

Taught At Antelope—He was an instructor in the rural schools of Antelope County from 1912-1915 and again from 1926-1928.

During World War I, he served in Co. F, 109th Engineers Corps.

He served as an extension entomologist at the University of Nebraska from 1929 to 1939, when he joined the campus staff, as assistant professor of entomology. In 1942 he became an associate professor.

An authority on bees, Mr. Bare was a member of the American Beekeeping Federation, and also a member of the Entomological Society of America, Sigma Xi, Gamma Sigma Delta, Phi Sigma, Alpha Zeta, and Delta Tau Delta.

Surviving are his wife, Aline; son, James E., of Lincoln; daughter, Mrs. Joyce Voils of Lincoln; sisters, Mrs. Mary Ward, Mrs. Verna Ward, both of Neligh, and Mrs. Agnes Todd of Clearwater; and 4 grandsons.

Gen. Morenas Named

Madrid (AP)—Gen. Jose Navarro Morenas, Count of Casa Loja, is the new chief of Gen. Francisco Franco's civil household. He was named by decree to replace the late Marques of Hueter De Santillan.

Rees Wilkinson Funeral To Be On Wednesday

Funeral services for Richard Rees Wilkinson, 73, Lincoln city councilman who died Sunday, will be held at 2 p.m. Wednesday at First Presbyterian Church.

Dr. C. Vin White will officiate and burial will be in Wyuka.

Mayor Bennett Martin and City Councilman D. L. Tyrrell, C. W. D. Kinsey, Al DuTeau, Hugh Thorne and Pat Ash, will be pallbearers.

Miller Temporary Head Of Sunrise Toastmaster Club

Wilbur A. Miller has been named temporary chairman of the newly-organized Sunrise Toastmasters Club.

Richard Cherry is temporary secretary-treasurer.

The new club, sponsored by Toastmasters 403, meets every Monday at 7 a.m. at the Kopper Kettle.

Permanent officers will be elected in about a month.

May 31 Deadline Is Set For Tax Refunds

Washington (AP)—The Treasury Department has set a May 31 deadline for payment of tax refunds, but hopes to have them in the mail "within 30 days" of the date of filing returns.

Its refund policy was outlined by Secretary Anderson in a letter to Rep. Ford (R-Mich.), who had suggested a speedup in refund payments as an aid to the business slump.

W. C. Condit, Ex-Chief Of Police, Dies

Funeral services for William C. Condit, 84, a former Lincoln chief of police and former sheriff of Nebraska, will be held at 1 p.m. Wednesday at Roper & Sons.

The Rev. Selden Dickinson will officiate and burial will be in the Ridge Cemetery at Fremont.

Mr. Condit, of 1336 Garfield, died Monday.

A native of Anamosa, Ia., he entered law enforcement as sheriff of Dodge County, serving for 17 years.

In 1925, he was appointed state sheriff and served until 1931.

Chief 1933-34

He was Lincoln police chief from 1933-34, and during that time he had the first Lincoln police radio system installed.

He was also the first man to introduce fingerprinting in Nebraska as a means of identification of criminals and suspects.

A longtime member of the Nebraska Sheriffs and Peace Officers Assn., Mr. Condit served as its president for 16 years, and was editor of its publication.

Survivors include a son, Volcott of Lincoln and a brother, Ernest of Souris, S. D.

Normal Schools Survey

By WILLIAM O. DOBLER

The state now has in hand a 28-page survey from its educational consultants covering the physical plants at Nebraska's four state teachers colleges. There are a lot of words in 28 pages and a lot of good thoughts in this report but it might well be asked what the state has now that it didn't have months ago.

For one thing, it has \$2,200 less money, as that is what was paid for this survey.

Priority To Peru Or Kearney?

Beyond that, it would seem that the only thing the survey does is perhaps help settle an argument. Even this is not a certainty. There was debate over which should be built first, a physical education plant at Kearney or a practical arts plant at Peru. Gov. Victor Anderson stated he would not approve the expenditure of funds for either until an impartial survey had been made to determine needs.

Well, the survey is in and we still don't know which building is most needed. We know, as we did before, that both of them are needed and some other work, also, but there is still the question of who is to be first.

If you like, you can assume from the report that the Kearney needs are greater. The Kearney physical education facilities are described as "totally inadequate" while the Peru shop areas are not "satisfactory." In recommending these two and one other improvement, the consultants gave no priority but did list the Kearney project first.

In answer to direct questions from reporters, the consultants refused to state which project was most badly needed and raised the possibility of doing all three, including remodeling of the present Kearney physical education facilities to provide suitable housing for the women's health and physical education program.

There must be something the consultants know which they have not seen fit to divulge. The Board of Control, likewise, must be in on this secret as it hired the consultants on a fee basis to have plans for all three improvements revamped and completed. The consultants will receive not more than 1/2 of 1 per cent of the total estimated construction cost.

This is hard to understand because we fail to see where the money will come from at this time. For the current biennium, there is \$900,000 available out of the building fund levy for capital improvements at the four schools.

This compares with an estimate of \$850,000 for the Kearney improvements and \$411,000 at Peru, exclusive of the women's physical education program facilities at Kearney. The consultants will certainly have earned their money and given the state a most distinguished service if they can get all this work done for \$900,000.

In addition to building recommendations, the consultants recommended that more consultants be hired in planning the three improvements expected to be undertaken first at Kearney and Peru. This was done and the firm which made this survey was given the job. The consultants also recommended that more consultants be hired for long-term, detailed, study of the building needs of the four state teachers colleges. This would cost about \$15,000 and has, as yet, not been approved by the Board of Control.

As this survey shows, you quite often get little out of such reports that you don't already know. Certainly the heads of the state institutions should be able to intelligently determine their building needs. It is a shame that Nebraskans must have someone telling them what to do just to avoid argument and disagreement.

More And More Consultants

Tariffs Are Against Us

Both President Eisenhower and Adlai Stevenson are agreed on the advisability of a five-year extension of the Reciprocal Trade Act. But it does not follow that the same unanimity extends downward through the legislative representatives of both the Republican and Democratic parties. The lure of protective tariffs and domestic self-interest runs strongly during a recession such as is the current one.

Nevertheless, the nation should pay heed to two men who are viewing the landscape from above the forest rather than from among the trees. A Congress that does not spare the treasury on questions of military defense is to be reminded that the highest purpose of defense is the preservation of the economic and social relationships

in the free world, plus the cultivation of those ties with the uncommitted parts of the world. One can well ask, what is the purpose of the burdens of defense if the high considerations it is to defend are seriously impaired by a negating tariff policy?

It is also pertinent to recall that under the Reciprocal Trade Act last year we imported \$13 billion worth of goods, mostly raw materials, and exported \$21 billion dollars worth, mostly processed goods. Added tariffs would tend to further the American recession, rather than defend against it for they would surely reduce the flow of trade.

And it is essential at this juncture in view of Russia's efforts to strangle Western trade that we do not vacate a field a rival so urgently covets.

Bomb Test Suspension

Reports are becoming more and more convincing of the fact that Russia will shortly set a definite date for the suspension of nuclear bomb tests. This will be a propaganda victory for the Reds but at least we know this one is coming.

There should be no false hope that such a test suspension proposal carries with it any signs of peace. Russia has the nuclear bomb as does the United States and the possession of this weapon as it is today is more than enough to cause alarm without any further testing.

What Russia hopes to achieve by such a maneuver is to gain the peace offensive. It hopes to impress neutral nations of the world that it is the country making the greatest bid for peace and that the U.S. is bent on making war.

In this the Russians will probably meet

True To Party Principle

President Eisenhower's veto of the farm price support freeze was not unexpected.

From the inception of congressional action to put a temporary floor under farm income, at least until the national economy started back upward, the President made no secret of his disapproval of any barrier to Secretary of Agriculture Benson's steady withdrawal from the equalizing principle of parity and price supports.

It is the principle here rather than an examination of a few percentage points that needs a sharp outlining. An administration that welcomes further austerity for agriculture unhesitatingly endorses the reverse treatment for the industrial, financial and business segments of the national economy. Extension of unemployment compensation is in order, greater federal spending for the products of the factories plus plans for bolstering credit expansion are desired. Agriculture is the exception.

If a number of Midwest Republican congressmen and senators got on record as opposing the administration's rejection of

with some success. The U.S. has backed away from any suspension agreement with Russia without an accompanying agreement for reciprocal inspection. If Russia now makes the move expected of it, the U.S. is likely never to get any inspection agreement.

The issue has one other disagreeable point so far as western powers are concerned. Russia would not be making such an offer from any lofty or sacrificial motives. If they seriously want to suspend tests, it means they must have obtained already a bomb in which they have complete satisfaction.

A great many conclusions could be drawn from the Russian proposal. But the situation makes all the more evident the fact that it is next to impossible to deal with the Russians with any kind of success.

We're Not Proud

The Omaha Indian tribe has joined other tribes in Nebraska protesting the continued sale of Indian lands to non-Indians.

The protest was based on the sale of 8,000 acres near Macy during the past year, according to Alfred Gilpin, chairman of the Omaha tribal council. Gilpin asserted that the land was not sold for capital gain, but because the proceeds were essential to the survival of a poor earning Indian community—a case of disposing the last of a poor inheritance in order to eat.

The condition demands more than sympathy. The Indians will outlive their vanishing assets and their problem will inevitably descend from the acute to the tragic. Nothing is solved and a greater problem will be evolved. In a country that makes so much of sovereignty and individual rights the Indian is a mighty poor example of what can happen to a group whose main sin was in its resolve to assert those two noble aspirations against the wrong people.

Promise Of Pay

The military pay raise act will cost the American taxpayer \$600 million a year, but there will be no objection if it achieves its intended purpose. That purpose is to reward military personnel according to abilities rather than for the amount of time in. And it aims to hold in service the highly trained. If that works it should save the nation hundreds of millions in the present cost of forever training newcomers.

DREW PEARSON

White House Split On Housing Bill

WASHINGTON—President Eisenhower's advisers have been split right down the middle over a veto of the congressional housing bill aimed at stimulating low-cost housing and giving the economy a shot in the arm. The split exists not only in regard to the housing bill but to the entire recession picture.

The housing bill would authorize the government to buy up mortgages at a pegged interest rate to the tune of \$1,800,000,000. Its author, Alabama Sen. John Sparkman, claims it would spur the construction of 300,000 new housing units.

However, Secretary of the Treasury Robert Anderson, who doesn't want to unbalance the budget any more than necessary with nondefense outlays, has urged like to veto the bill. Siding with Anderson are White House economic aide Gabriel Hauge, Budget Boss Maurice Stams, and Secretary of Commerce Sinclair Weeks.

The President's chief economic adviser, Dr. Raymond Saulnier, has taken the lead in urging like to sign the bill. Saulnier argues it will help end the recession. He is supported by Housing administrator Albert Cole, Secretary of Labor James Mitchell, and Veterans Administrator Sumner Whittier.

FCC commissioners have tried to brush off the "loans" of color TV sets from the Radio Corporation of America, but a close scrutiny of secret congressional reports indicates that these sets ran into quite a bit of money. The average citizen would sure appreciate a similar loan for his parlor.

The records show that on Jan. 3, 1957, RCA sent through "purchase order No. OS-949" for seven 21-inch color TV receivers "part of total prices of \$9,844.90." These went to the seven federal communications commissioners.

Approximately two months later, Feb. 27, 1957, RCA service company sent through invoice "No. 23-923028 to Radio Corporation of America covering monthly preventative maintenance service . . . for Jan. 1, 1957 to Dec. 31, 1957—total amount \$8,683.90."

In other words, the cost and service of the color TV sets for the FCC commissioners ran to \$18,000 right off the bat.

Later, on April 11, 1957, RCA sent through "Requisition No. OS-204 ordering 10 models at total amount of Bartley, Maczonnoughy, Dorfer, Hyde Lee, Mack." Though RCA misspelled Maczonnoughy's and Dorfer's names, this referred to six of the commissioners.

On the same date another order was put through replacing RCA color TV sets for the commissioners.

A succession of orders flowed from RCA every couple of months to make sure that the commissioners had color TV sets of the latest type and in perfect order. The list of FCC personnel shows that all the commissioners had both color and black-and-white sets, while commissioner Lee was especially favored with a hi-fidelity set in addition. Ex-commissioner Mack got both a color receiver and black-and-white receiver, a hi-fidelity and a phonograph.

DORIS FLEESON

Truman Purrs Over Symington's Chances

ST. LOUIS, Mo. — In Senator Stuart Symington Missouri Democrats have an attractive entry in the landslide sweepstakes this fall. His and their immediate goal is a dazzling majority to put beside the ones hoped for by a large list of Democratic governors and senators.

Former President Truman has made encouraging noises about Symington-for-president. He assured a fundraising dinner here last November that "greater things" were in store for Missouri's fine senator.

There is some reason to believe that Truman may have been only trying to loosen some purse strings for the Symington campaign. For that purpose, no better technique exists than to set White House visions dancing in the heads of the fat cats. It is true that Truman intends to name his next choice for the presidency much earlier in the game than he did in 1952 and 1956. In those years he lined up in what he now feels was too little and too late fashion for two losers, the late Alben Barkley and Gov. Harriman of New York. He hopes next time to play a large role in the convention decision and he has been encouraged to do so by the tremendously warm welcome he gets everywhere he goes and the incessant demands for speeches by him.

The former President also expected as of now that a managed compromise will emerge from the convention. Envious politicians describe his family in an illuminating phrase as "The Charm School."

Missouri is now strongly held by the Democrats, with Republicans mired in a factionalism which seems more a matter of personal conflicts than ideologies. The GOP has had to hunt for a candidate to oppose Symington. In an effort to help out, Sherman Adams put White House pressure on Dewey Short, a veteran Ozark spell-binder defeated for re-election to the House in 1956 and now an assistant secretary of defense.

Short's reply: "I am not going to put my head on that chopping block."

He foresees no formidable front runner and no sectional struggle.

In mellow moments he has been heard to speculate about a flood of favorite son nominations and then a unanimous vote for the ticket that party leaders agree has the best chance to win. Since he is speaking of Democrats, this seems far too optimistic. But if he is correct, then Symington's chances should not be discounted.

He has perhaps the best record on military preparedness in the Congress, his Cassandra-type forebodings about the Russians having been proved all too true. The cast of his thinking was set, of course, during his years as the first Air Force secretary.

Envious politicians describe his family in an illuminating phrase as "The Charm School."

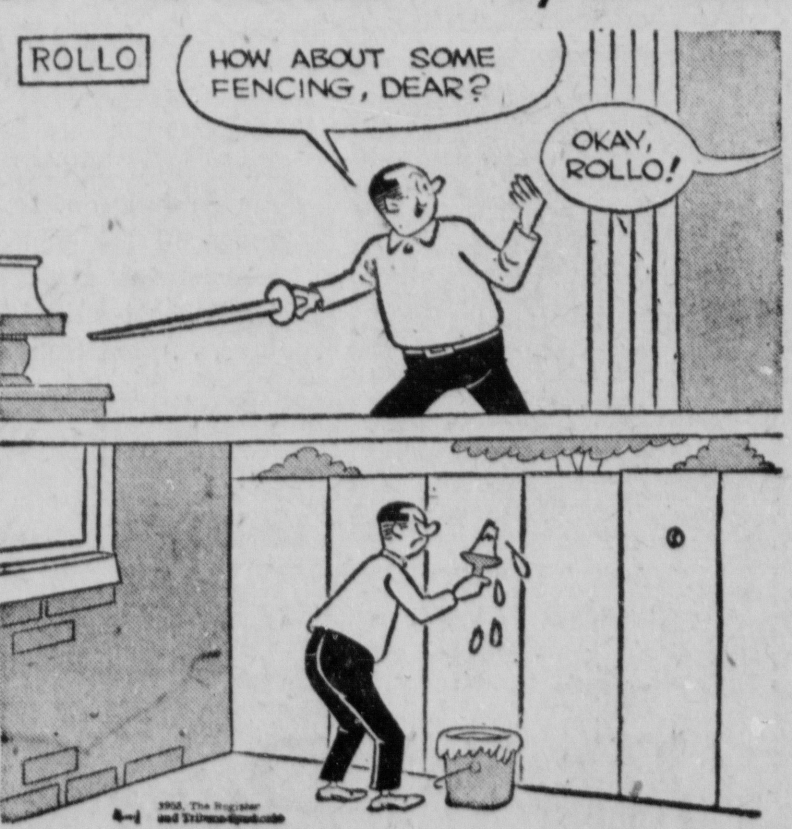

Missouri is now strongly held by the Democrats, with Republicans mired in a factionalism which seems more a matter of personal conflicts than ideologies. The GOP has had to hunt for a candidate to oppose Symington. OFF THE RECORD

By Ed. Reed

JESUS LOVED THEM

Pontius Pilate

Pontius Pilate, who became procurator of Judea under Tiberius Caesar in A.D. 26, was a product of Roman society during the early Empire.

He was military in bearing, tactless, skeptical, arbitrary. Almost from the first day of his arrival in Judea, there existed an implacable hatred between him and the people he ruled.

He regarded the Jews with haughty contempt. From his point of view, they were a superstitious, refractory rabble, wrangling among themselves over religious usages for which he felt only a profound scorn.

Twice before the trial of Jesus, he had been forced to yield to the will of the populace, or risk open rebellion that might cost him his position.

The first time occurred when he brought army standards bearing the likeness of the Roman emperor into Jerusalem, thus profaning the holy city. After five days of uproar and rioting, he removed them.

On another occasion, the Jews forced him to remove a set of Roman votive tablets from Herod's palace, which he occupied in Jerusalem. The people appealed that time directly to Tiberius, who ordered them taken back to Caesarea.

Pilate knew that Jesus was innocent. He had secret spies among the people who had reported almost daily on the Nazarene's activities.

Moreover, there is good reason to believe that Pilate's

wife, Claudia Procula, had actually met Jesus and was one of His secret followers.

During the trial, she sent Pilate a message, warning him to "have nothing to do with that just man."

But, "when Pilate saw he could prevail nothing, but that rather a tumult was made, he took water and washed his hands before the multitude, saying, I am in-

nocent of the blood of this man . . ."

In the most critical decision of his career, the "fearless" Roman had again bowed to the shouting, factious, bloodthirsty mob.

Tradition says he never forgot this tragic hour. A few years afterward, in exile, "wearing with misfortune," he killed himself.

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name. Letters represent only contributor's views.

One 'Cide'

Sonoma, Calif.

To the editor of The Lincoln Star: In our recent dealings with the Chinese Communists, the Red negotiators continually referred to "your side" and "our side." Let us remember there are two different ways to spell "side." For Communism it is "cide"—homicide, genocide, matricide, genocide, and deicide—50 million human beings brought to their deaths in furtherance of an ideology which is doing its utmost to destroy the God that made them and the freedom "with which He endowed them."

"Side" by "cide" negotiations lead inevitably to defeat. If apparently "successful," they serve to mire us in a moral quagmire that will strangle freedom. If, as usual, they prove to be futile, they hasten the world's 12-year march to ultimate war. How long can we kowtow to a "co-existence" urged by those dedicated and devoted by word and deed to our ultimate destruction?

CHARLES M. COOKE
Admiral U.S. Navy (Retired)

Voters' Right

Lincoln, Neb.

To the editor of The Lincoln Star: Following is a copy of a letter sent relative to the petition against Ordinance No. 6700. It was directed to Mr. Chauncey E. Barney and Mr. Ralph D. Nelson.

"This is to inform you that I did not know the party or parties who were circulating the petitions but I did sign the petition in the presence of the party circulating same and I do not wish to withdraw my name."

"I see no reason why a matter such as this should not be submitted to the voters. I am in complete agreement with the need for improving our streets and with the efforts of our city officials in this regard but I also believe that the voters should have a right to add this additional-tax on themselves if they so desire."

"I expect to vote in favor of this proposition if and when it is put on the ballot. However, I am sure that our city officials would not want to be in the position of having forced such a tax upon an unwilling public should the proposition be rejected at the polls."

HARLEY S. MCCOY

Taking Action

Lincoln, Neb.

To the editor of The Lincoln Star: The criticisms against the Council and Planning Commission are unfortunate; for the democratic form of government derives its authority from the consent of the governed. When that consent is lacking, government and people suffer together.

We submit that the way out for both Council and

commission is voter approval. In its final analysis, we can blame nobody but ourselves for the present situation. We have permitted the condition that we now find so objectionable. We elect a mayor and members of the Council; but when a seat on the Council becomes vacant, it is filled by appointment. In the last two years five members of the seven-man Council have been appointed. The majority vote of this Council does not represent the will of the people.

All members of the Planning Commission are appointed. They are fine public-spirited gentlemen, but they cannot deny the truth that government by appointment is not government by the people. Since their function is advisory, they should not be indignant if their advice is not always accepted.

The remedy is obvious: Let us divide the city into wards. Let each ward elect a councilman and a member of the Planning Commission (if we must have one). Let us bestir ourselves like intelligent Americans and correct the situation instead of just grumbling about it.

WINNIFRED LEWIS

Road Funds

Lincoln, Neb.

To the editor of The Lincoln Star: News reports say that Nebraska will get \$6 million out of the emergency road bill just passed by Congress. Where will the money come from? From gasoline and other taxes collected from the people of Nebraska, just like the 90 per cent for roads. So the people of this state will pay the whole amount of road funds. It's easy to give if you can take the money out of the pockets of Nebraskans.

BEN KECK

Knowing The Men

Lincoln, Neb.

To the editor of The Lincoln Star: A subcommittee of which Sen. Curtis is a member has pushed the investigation of rackets in labor unions, but it seems this committee has had a lapse of memory when it comes to exposing rackets of big business corruption. Sen. Curtis has been very active in prosecuting labor union rackets such as the teamsters union, of which Dave Beck was the principal offender.

Sen. Alexander Wiley, Republican of Wisconsin, told the Senate the other day that it is estimated that criminal enterprises in this country, including illegal gambling, represent a \$20 billion industry. Moreover, much of this income to the criminal underworld goes untaxed. Wiley said for that reason he was pleased to learn that the Department of Justice is launching a steady pressure campaign against racketeers. Wiley voiced the hope that the drive will not be a tem-

Reuther Says UAW Won't Single Out One Of Big 3 To Bear Profit Sharing Pressure

Detroit (AP) — Opening bargaining talks at Ford Motor Co., Walter P. Reuther declared his United Auto Workers Union has no intention of singling out any of the big 3 car makers to bear the main pressure of UAW profit-sharing and other demands.

Reuther made the remark to newsmen before shaking hands with Ford's top negotiator, John S. Bugas, across a huge bargaining table in the company's new multi-million-dollar central office building in suburban Dearborn.

The UAW chief said a new

contract talks at Ford, General Motors and Chrysler will run parallel.

Reuther opened talks at GM last Tuesday. He will be on hand to get them underway at Chrysler.

Both Reuther and Bugas, a lanky FBI man who became Ford's vice president for industrial relations 14 years ago, voiced hope that a peaceful settlement could be reached before the current contract expires June 1.

'Hello, Walter'

Bugas smilingly greeted Reuther with, "Hello, Walter." Reuther looked at the 54-foot long elliptical-shaped white birch table and the plush furnishings and remarked, "very elaborate place you have here."

Reuther was asked earlier by newsmen to comment on reports that the UAW will single out Ford as its first target for settlement. It did this 3 years ago when the UAW got layoff pay first from Ford.

"We have no plans to concentrate anywhere," Reuther said.

Both Bugas and Reuther said they would seek a non-inflationary wage settlement. Reuther termed his profit-sharing proposal non-inflationary.

Bugas said he is not opposed to "profit sharing as such." He said other industries had profit sharing but

he understood the UAW plan differed from those in effect elsewhere.

Mandatory

Under the UAW proposal, auto workers at the end of the year would get one fourth of the company's profits above 10% on net capital before taxes. It would be mandatory upon the company to split excess profits, rather than optional.

Reuther also has suggested that companies give car buyers rebates from profits, but he has not made this the subject for bargaining.

Bugas was asked whether Ford would be more likely to take a strike this year because of a backlog of unsold cars. He said: "We would never welcome a strike. That goes for this year."

Disadvantage

Reuther acknowledged the union is at a bargaining disadvantage because of unemployment and over production, but he said, "the very fact we are in trouble (with a recession) makes the implementation of our demands more important." He said he believes "no one wants to strike," and added: "We won't accommodate any company by striking so they can deplete the number of their cars."

The negotiators met for nearly 2 1/2 hours before recessing.

Reuther said the opening talks were "friendly."

Both sides agreed to issue no public statements on bargaining sessions, but either may terminate the agreement on 24 hours notice.

Rep. Harrison Files For 4th Congressional Term

Robert D. Harrison of Norfolk, completed his filing Monday as a candidate for nomination on the Republican ticket for Third District Congressman, seeking re-election to a fourth full term in the House of Representatives.

Harrison narrowly squeaked through the 1956 general election when he defeated Democrat Lawrence Brock of Wakefield by 246 votes. Brock has again filed as a candidate on the Demo ticket in the May 13 primary as has Bert M. Evans of Bloomfield.

Harrison will be opposed by Merle Haynes of South Sioux City for the GOP nomination.

Former State Sen. Lester Anderson of Aurora, who had been rumored as a candidate, said recently he would not file for the post if Harrison filed again. There are reports, however, that Anderson may be a candidate again for his old legislative post, the 25th District. The seat is now held by Sen. Hans O. Jensen of Aurora who has filed for re-election.

Plattsmouth Man Files

In other congressional filings Monday, Francis M. Casey of Plattsmouth completed his filings as a Democratic candidate in the Second Congressional District.

John Salistean of Omaha, a

retired Naval commander, also is seeking the Democratic nomination for the post now held by Rep. Glenn Cunningham of Omaha, a Republican, who has filed for re-election.

Three hours and 15 minutes before the deadline, McCook School Superintendent Dr. Ralph G. Brooks Monday formally accepted the petition signed by 50 Lancaster County Democrats to place his name on the primary ballot as a Democratic gubernatorial candidate.

Lincoln attorney John R. Doyle filed Brooks' acceptance ahead of the 5 p.m. deadline which marked the close of the fifth day after the petition was filed.

Vogt Files

Charles Vogt Jr. of Liberty, filed as a candidate for the Republican nomination as Railway Commissioner.

The post is now held by Joseph J. Brown of Lincoln who has filed for re-election, and other GOP filings for the seat include Hilding E. Johnson, Fred Sorenson and George McKnight, all of Omaha.

In the legislative races, veteran Harry L. Pizer of North Platte completed his filing as a candidate for a ninth term representing the 38th District in the unicameral Legis-

Two Wounded

Paris (AP)—A policeman and a bystander were wounded when 2 men described as North Africans opened fire at them in the heart of Paris.

The gunmen fled.

lature. Pizer also served one term in the House during bicameral days in 1935.

Two more filings were completed seeking nomination to the legislative post opened when Sen. Don McGinley withdrew as a candidate for re-election from the 39th District to file for the Democratic nomination for Fourth District congressman.

Louis Webb and Everett Holscher, both of Ogallala, placed their names in the primary race Monday. Other candidates for McGinley's post include Wayne W. Elliott and Ed Prochaska, both of Ogallala, and Jack Brogan of Keystone.

In this week's Post

An exclusive interview with

BING CROSBY'S BRIDE

You'll find out what kind of girl captured the heart of one of America's favorite personalities!

You'll find out how, as a columnist for her home-town paper in Texas, she interviewed Bing Crosby!

You'll meet Kathryn Grant Crosby as an actress, as a housewife and as a prospective mother!

You'll learn of this Texas girl's chances of success in her marriage!

Read "I Call on Kathryn Grant Crosby," by Pete Martin... in this week's Saturday Evening Post.

On The Guest List

Two names on Lincoln's guest list at the moment are those of Mrs. Peter Haines Laimbeer and her daughter, Deborah Ann, who arrived on Sunday from Santa Ana,

Calif., to spend several days as the guests of Mrs. Laimbeer's parents, Mr. and Mrs. Richard Joy.

Mrs. Laimbeer will be remembered as the former Mary Jane Joy.

YWCA Plans Drive

Members of the steering committee of the YWCA membership enrollment met Monday morning to organize a key committee of 50 for a membership drive.

The organization has set a goal of 500 new members to be enrolled during the national YWCA Week, April 20 to 26, and plans were made for a briefing meeting of the new committee to be held early in April.

Chairman of the YW steering committee is Miss Flor-

ence Atwood who is assisted by Mrs. M. O. Teagarden, co-chairman. Committee members are Mrs. N. W. Pettit, Mrs. Ruth Place, Mrs. George Knight, Mrs. Fred Putney and Mrs. Howard Groom.

During the business meeting on Monday, Miss Carol Dean, executive director of the Lincoln YW, announced that 692 had registered at the YW for the health and education departments series of classes which opened today.

We Hear That

Larry Luhrs, son of Mr. and Mrs. Carl Luhrs of Lincoln, was graduated from Officer Candidate School, Pensacola, Fla., on March 28, and received the commission of ensign. Ens. and Mrs. Luhrs, the former Marianne Peterson, daughter of Mr. and Mrs. Don B. Peterson, also of Lincoln, will be stationed at Whiting Field, Fla.

Ens. Luhrs is a graduate of Nebraska Wesleyan University. Mrs. Luhrs, who went to Pensacola to join her husband at mid-year, attended the University of Nebraska and Wesleyan University.

—this is the day we stay away from wooden nickels, things that explode and stray wallets — But the day never dawns that we stay away from news — and it is especially welcome this morning since it involves home-comers — the usual home-to-stay variety — and those who are home just to catch their breath before taking off again. There also is news of guests — current and potential — and of a party in the offing —

—our home-comers who are not to be home for long are Mr. and Mrs. Arthur Raymond who have returned

from a short holiday spent in Chandler, Ariz.

Mr. and Mrs. Raymond, however, will be leaving again on Thursday for the Broadmoor, Colorado Springs where they, their son-in-law and daughter, Mr. and Mrs. Craig O'Brien, and the younger generation of O'Briens — Dorrance and Mollie, will spend the Easter week end.

—we suspect that Mr. and Mrs. Ernest U. Guenzel will be taking a summer respite at their summer home in Alexandria, Minn., when the warm weather season arrives — But right now they

are unpacking from a late winter holiday on the west coast and in Mexico. The travelers spent some time in Palm Springs, La Jolla — and went on down the coast to Mexico City and Acapulco.

—mention of Palm Springs reminds us that Dr. and Mrs. Fritz Teal returned from there on Sunday evening. Dr. and Mrs. Teal, however, didn't spend too much time basking in the sun at California's desert resort — They were there only during the period Dr. Teal attended a medical meeting.

—more news of the Teal

family has to do with their daughter, Linda, who arrives from Monticello College on Thursday to spend her Easter holiday with her parents.

—heard, too, that another Monticello girl, Miss Jane Good of Wilmette, Ill., will be arriving early next week to spend the remainder of her vacation as the guest of her grandparents, Mr. and Mrs. J. Earle Foster.

A third member of the Monticello coterie will be Miss Carol Pettis of Topeka, Kan., Miss Good's room mate, who will be the house guest of Linda Teal during her stay in Lincoln.

—understand that April 12th is the date set for the Co-tillion Club dinner dance which is to be held at Hotel Cornhusker.

The committee in charge of the party arrangements includes Mr. and Mrs. William Rolfsmeier, chairman; Mr. and Mrs. William Gold and Mr. and Mrs. Bill Jennings.

—when we mentioned some time back that we had a cur-

rent guest we had in mind Woody Haecker who came last Thursday from Camp Pendleton, Calif., to spend a 15 days leave with his mother, Mrs. George Haecker.

—on the party calendar today is the April Fool party for which Pamela Dalling will be hostess at her home between the hours of 4 o'clock and 7 o'clock. Eighteen guests, all fifth grade classmates at Holmes School, have been invited.

News Of Spring Brides

A bride-elect of mid-April is Miss Alice Murphy who has chosen Saturday, April 19, as the date for her marriage to Edward Junker. The wedding will be solemnized at St. Patrick's Church.

Miss Marie Junker of Indianola, sister of the bridegroom-elect, will be Miss Murphy's maid of honor and only attendant.

Serving Mr. Junker as best man will be Edward Kosinski of Grand Island.

On Saturday, April 5, Miss Murphy will be honored at a miscellaneous shower and dessert supper given by Mrs. Wayne Liebers and Mrs. Barney Pierce. The evening affair will be held at the Liebers home.

Announcing the members of her bridal party this morning is Miss Delores Quick whose marriage to Donald J. Veskrna will be an event of Saturday, May 10.

For the ceremony which will be solemnized at St. Mary's Cathedral, Miss Quick has named Miss Diane Veskrna of David City, sister of the bridegroom, as her maid of honor, and the bride-elect's sister, Mrs. Harry Rathje of York, will be the bridesmatron. Miss Lucretia Rakowsky will be the bridesmaid.

Edward Hottovy of Dwight will serve Mr. Veskrna as best man, and seating the guests for the morning ceremony will be the bridegroom's brother, Ron Veskrna, Harry Rathje of York, and Francis Zegers and David Zegers, both of David City.

In pre-nuptial courtesy to Miss Beverly Walenta, whose marriage to Raymond

Schoenrock will take place on Saturday, April 19, Mrs. Paul Thorough and Mrs. Leo Kraft will be hostesses at a dessert supper on Tuesday, April 8. The party will be held at the Thorough home, and during the informal evening a linen shower will be presented to the honoree by the 20 guests.

Miss Sally Steinauer and Miss Joan Nesladek will entertain for the bride-to-be at a miscellaneous shower and dessert supper on Friday evening, April 11. Twelve guests have been invited to the affair which will be held at the Steinauer home.

The marriage of Miss Walenta and Mr. Schoenrock will be solemnized at a 10 o'clock ceremony at St. Teresa's Church.

Miss Mary Jo Wehr, who has chosen Saturday, April 19, as the date for her mar-

riage to William R. Dahl, will be honored at a miscellaneous shower and dessert luncheon given by Miss Judy Elce and Miss Annette Bitter on Saturday, April 5. The afternoon party will be held at the Elce home.

Entertaining for the bride-to-be on Saturday, Mar. 29, were Mrs. Zelma Howard and Mrs. Edith Hayes. The dessert luncheon and miscellaneous shower was held at the Howard home.

Another recent courtesy to Miss Wehr was a luncheon for which Mrs. Claude Golding, Mrs. C. J. Rogers, Mrs. C. L. Clark and Mrs. J. D. Miller were hostesses on Saturday, Mar. 22, when the past presidents of the American Legion Auxiliary entertained at the American Legion Club.

For her wedding, which will be solemnized at Sacred Heart Church, Miss Wehr

has named Miss Carol Dahl, sister of the bridegroom-elect, as her maid of honor, and the matron of honor will be Mrs. Robert Whartman. Her bridesmaids will be Miss Judy Elce and Miss Annette Bitter of Ames, Ia.

Glenn Andersen will serve Mr. Dahl as best man, and the corps of ushers will include John Wehr, brother of the bride-to-be, Robert Dahl of Alliance, brother of the bridegroom, Paul Leacock, Donald Chleborad, Robert Whartman, and Keith Kemper and Clinton Riis, both of Alliance.

SUBURBIA

EASTRIDGE

We chat about latest doings out Eastridge way this Tuesday morning where our greatest concern seems to be that of birthdays, visiting out-of-towners, farewell courtesies and week end excursions.

Today's birthday girl is Miss Marta Petring and to celebrate her seventh anniversary — which, incidentally, was an event of Saturday, March 29 — Mrs. Donald Petring was hostess at an after-school party on Friday. Included among the guests for the festivities were Claudia Johnson, Carolyn, Johnny and Pat Calkins, Steven Schumate, Monte Cole, Marcia Bauer, James Heckman and Todd Cruse.

Heard that Mrs. L. D. Cole and her son, Monte, returned to the suburb last Saturday following a two-day visit in Wilsonville. Mrs. Cole and her son were guests of Mrs. Cole's mother, Mrs. John Rice, and her brother and sister-in-law, Mr. and Mrs. Ward Rice.

Week end guests at the home of Mr. and Mrs. Donald Petring were Mrs. Petring's brother and sister-in-law, Mr. and Mrs. James Sweeney and their daughter, Jann, of Omaha and her mother, Mrs. James Sweeney, Sr., and her son, Bruce, of Nemaha.

A group of neighbors in Eastridge were together on Saturday evening, so we hear, for a no-host party and festive evening. The Duane

Grantski home was the meeting place for the couples who enjoyed an hors d'oeuvres party before they trekked to Tony and Luigi's to dine and dance. Enjoying the outing were, in addition to the Grantskis, Mr. and Mrs. Morris Huelle, Mr. and Mrs. Dean Tompkins, Mr. and Mrs. Bud Lambert, Mr. and Mrs. Joe Neal, Mr. and Mrs. Robert Holbert, Mr. and Mrs. David McEntire and Mr. and Mrs. Dick Stehly.

Mr. and Mrs. Donald Stockholm and their two sons, Don and Bobby, entertained guests last week, so we hear. Arriving on Thursday from Niobrara were Mr. and Mrs. Don Snowdon who were guests in the suburb until Sunday.

The Richard Finke home set the stage for a festive evening last Saturday when the group on hand were business associates of Mr. Finke, and their wives. Mr. and Mrs. Finke entertained at a dinner party for the group who included Mr. and Mrs. Bill Wheeler, Mr. and Mrs. Ed Barthuley, Mr. and Mrs. Ernest Rousek, Mr. and Mrs. Dick Spellman, Mr. and Mrs. Albert Henke and Mr. and Mrs. Bill Pitzer of DeWitt, Ia.

An event that took place on Thursday in the suburb was an evening dessert and bridge party given by Mr. and Mrs. Charles Cleveland. Their guests for the get-together were Mr. and Mrs. Douglas Brogden, Mr. and Mrs. Vincent Smiley and Mr. and Mrs. Franklin Eldridge.

Dear Abby . . .

Appeal of Cash Register

Abigail Van Buren

DEAR ABBY: My mother-in-law should be told off but I am not the one to do it. She never gives one cent to the Polio Fund, United Crusade, T.B. Seals, Cancer or Heart because she says if these causes fall short the government makes up the deficit. She never even had the deed to her farm registered because she doesn't want to pay taxes on it. The only reason she paid her poll tax this year was because she's been asked to help in the elections and they will pay her for it. She burns me up but I have been taught to respect my elders. What's the matter with her anyway? BURNED UP

DEAR BURNED: Your mother-in-law is a medical miracle. She has a cash register where her heart belongs. P.S. The government does NOT make up deficits for the above-mentioned causes.

DEAR ABBY: To the lady who complained because her husband read in her face all the time: "Let him read, Dear Lady. I was married to a man who used to read in my face all the time. He was a great one for not even answering me when I talked to him because he had a book, a magazine or newspaper in his hand. I'd get

so mad at him I would scold him in two languages. He passed away a year ago, and now I would give anything in the world to see him sitting in his chair, reading. Let him read, Dear Lady, let him read. SORRY

DEAR ABBY: My name is Lucille and I don't mind telling you I look like a Sherman tank. I have tried every starvation diet I have ever heard of. I lose ten pounds and gain back 20. I drool when I see nice looking clothes because I know I can't wear them. Please give me a foolproof diet or tell me what to do. LUCILLE

DEAR LUCILLE: Nobody has to look like a Sherman tank. What you need is a visit to your family doctor. He will check your metabolism and give you a diet. If you follow his instructions you will lose weight—but not unless. Good luck.

DEAR ABBY: First, I

want to say that I trust my husband no matter what anybody says. I have a girlfriend who is not married and she works in the same office with my husband. She is always telling me that my husband has lunch with this divorcee (and some other people from the office) almost every day. I know about this because my husband tells me. It never came to my mind to be jealous but she brings it up. How should I handle her?

NOT JEALOUS

DEAR NOT: Tell her to put her needle away—you know you've got your husband sewed up.

CONFIDENTIAL TO MAVIS: This "gentleman" is so polished, he's slippery! Look further.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

Khrushchev To Lead Russ Delegation To Hungary

Budapest (AP)—Premier Nikita Khrushchev will lead a Soviet delegation to Hungary, the Hungarian news agency MTI announced.

With Khrushchev will come newly appointed First Deputy Premier F. R. Kozlov, who is also a member of the Soviet Presidium. Also in the delegation is Foreign Minister Andrei Gromyko.

The visit of Khrushchev and the top Soviet leaders was taken here as the highest kind of endorsement for the leadership of Hungarian party boss Janos Kadar. He was placed in office by the Russian forces that crushed the 1956 revolt.

Last January Kadar quit as Premier but retained the more important post of first secretary of the Hungarian Communist party.

Envoys Invited

Diplomats here have been invited to Budapest's Ferihegy Airport to greet the Soviet party. Western diplomats in Hungary are expected to boycott the reception.

For the past several days Hungarian authorities have been decorating the city with huge flags. The base of the statue of Stalin, destroyed during the 1956 revolt, is being covered with Red bunting. Apparently it will serve again, as it used to serve in Stalinist times, as the main reviewing stand for a big parade. Troops, tanks and "workers guards" have been practicing for the big march-past since last week.

Demo Bates Blasts County Labor Policy

"Discrimination and unfairness in the county labor policy" were scored Monday by C. A. Bates, Democratic candidate for county commissioner.

Bates, seeking the 3rd District seat on the County Board, said he would run on "issues rather than political labels."

The 58-year-old building materials salesman said the Courthouse "should have people of both parties—not Republicans only. The right to work should not be political in any of the departments."

Bates said he opposes consolidation of city and county activities, zoning in rural Lancaster County and the hiring of outside firms to make local studies.

Bates will be opposed in the May 13 primary election by Democratic Leland (Bud) Yant. Republicans in the race for the seat now held by Republican Russell Brehm who is not seeking re-election are Kenneth Bourne, Chris Beck and Ralph S. Reger.

Show Plans Readied

Superior, Neb. (AP)—Seventy-four head of cattle have been consigned to the Nebraska-Kansas Shorthorn and Polled Shorthorn Breeders Assn. show and sale here April 9.

For the past several days Hungarian authorities have been decorating the city with huge flags. The base of the statue of Stalin, destroyed during the 1956 revolt, is being covered with Red bunting. Apparently it will serve again, as it used to serve in Stalinist times, as the main reviewing stand for a big parade. Troops, tanks and "workers guards" have been practicing for the big march-past since last week.

Two Installed

London (AP)—Two new deputy Premiers were installed in Premier Nikita Khrushchev's cabinet, approved by the Supreme Soviet.

They are Frol R. Kozlov, a rising star in Kremlin leadership, and Alexander Zasyadko, an expert on the coal industry.

Ex-Premier Nikolai Bulganin was demoted to become chairman of the state bank, a position with cabinet rank which he once held before World War II.

Old Rank

Deputy Premier Anastase I. Mikoyan was promoted back to his old rank of first deputy premier.

Otherwise the Khrushchev cabinet was apparently the same as that of Bulganin.

Khrushchev has 2 first deputy premiers—Kozlov and Mikoyan. There are 4 regular deputy premiers—light industry expert Alexei Kossygin, Zasyadko, state planning chief Joseph Kuzmin, and arms industry expert Dmitri Ustinov.

Couple Fined \$60 For Part In Shoplifting

A husband and wife who pleaded guilty last week to charges filed in connection with a shoplifting spree during January and February were fined a total of \$60 in Lancaster County Court.

Mrs. Juanita Cook, 17, of 630 So. 10th, charged with petit larceny, was fined \$50. Her husband, Lewvern, 19, was fined \$10 on a charge of receiving stolen property from his wife.

Three other persons involved have already been sentenced, and drew fines ranging from \$50 to \$300. Police said the shoplifting incidents came to light when Mr. and Mrs. Cook came to authorities saying they wanted to get the matter cleared up.

Convention Total For February Here Slips 1,399

Convention attendance in the Capital City during February as compared to the same period a year ago was down 1,399, according to the Chamber of Commerce.

Registration at the 14 conventions actually registered by the Chamber of Commerce (attracting 15 or more people from outside) was 2,158, they said. This compares to an attendance of 3,557 for 13 gatherings in February 1957.

Figures show that the largest attendance was 500 during Parents Day at Nebraska Wesleyan on Feb. 14. The Nebraska Well Drillers convention at Pershing Municipal Auditorium on Feb. 20, drew 335.

Registration for conventions through February of this year is 5,079, as compared to 5,971 a year ago.

Plea In Burglary Changed To Guilty

Charles Merritt of 1415 P Monday changed an innocent plea he had entered March 20 to a burglary charge to guilty, and Lancaster District Judge Harry A. Spencer deferred sentencing pending a report by the Adult Probation Office.

Merritt, 21, is charged with burglarizing the apartment of a woman in the building in which he lived. She told police a ring valued at \$100 and about \$7.50 in cash were missing from her apartment.

Bank Clearings Up \$6 Million

Lincoln Bank clearings increased \$6,276,349.57 for the first three months of 1958 compared with the same period last year.

The totals:

Jan. 1-Mar. '58	\$136,642,825.96
Jan. 1-Mar. '57	130,366,476.39

A gain of \$455,254.68 was shown in the March clearings this year over the corresponding month in 1957.

The March, 1958, total was \$44,706,175.74 and a year ago the figure was \$44,250,921.06.

Strike Fixed

Gelsenkirchen, Germany (AP)—A strike in the basic steel industry of West Germany's industrial Ruhr was fixed for April 9.

The powerful Metal Workers Union at the same time said it is returning to its original demand for a 10% increase over wages that now average around 83 cents an hour.

Caril Asks Attorney Be Her Guardian

Murder defendant Caril Fugate Monday withdrew her request to have her grandmother and uncle appointed as her legal guardians.

Instead, she asked the Lancaster County Court to name her court-appointed attorney, John McArthur, as guardian. McArthur said the request is a temporary step to prevent legal snarls in connection with current attempts to have the 14-year-old girl's murder case transferred to Juvenile Court.

Caril is charged with murder as companion to 19-year-old Charles Starkweather in connection with a recent killing spree which claimed 10 lives.

She had named her grandmother, Mrs. Pansy Street, and her uncle, Frank Street, as her choices for guardians. No hearing date on the new request has been set. McArthur lost bids in County and District Court to have her case transferred to Juvenile Court and the matter is now to be decided by the State Supreme Court.

No Compromise

Bukittinggi, Central Sumatra (AP)—One of Indonesia's top political leaders said he sees no chance of a compromise settlement to end the rebellion.

Mohammed Natsir, a rebel supporter and head of the Moslem Masjumi, the nation's second largest party, predicted a big attack will be made here soon by Jakarta forces.

1134 "O" Lincoln WE GIVE AND REDEEM COMMUNITY Savings STAMPS

Connie's Column

by Constance Flame

Spring Resolution • Aging Words • Favor-Roll
Salad News • Safety Precaution • Home's Mainstay

Spring Thinking

Soon we'll be observing Easter, or Passover... religious occasions that mark the beginning of Spring for us. Let's make it a thoughtful time—an occasion to take stock of ourselves, and the contribution we make to our family and community. Spring is the season of rebirth...wonderful time to resolve to be a nicer relative, a better neighbor!

Spring Cleaning

Gracious—time for Spring Cleaning! Your job is certain to be simpler, if you're a gas incinerator owner. Trash just doesn't accumulate when you have this modern helper! It's a quick-as-a-wink disposer of garbage, too... does the job automatically, without smoke or odor. Spring cleaning leaves us with plans for improvements... why not put a gas incinerator at the top of your list? Your local gas company or gas appliance dealer will show you how easily you can own this year-around friend.

Age-Teller Quiz

How many of these words do you recognize? "Bungalow", "washtub", "verandah", "parlor", "Morris chair", "antimacassar". Now identify this group: "Split-level", "pre-fab", "silicone", "patio", "carport", "zoning". If you recognize more of the first group than the second, you're probably over forty. If you recognize all of the second group and are still over forty, you're probably building a new home!

Party Favors

Anonymous reader from North Dakota (she forgot to sign her name!) says save the cardboard tubes that come inside paper towel and wax paper rolls. Cut 'em into short lengths; fill with wrapped candies, small toys and balloons, wrap each roll in bright paper; twist the ends. (Add bows if you like.) Use 'em for favors at a birthday party!

Serious Note

The abundance of cold drinks teaches children to associate pop bottles with pleasant-tasting liquid. Little youngsters are apt to sample anything that's in a pop bottle. Never, never put other liquids into these bottles—especially kerosene or cleaning fluid. If Dad has a downstairs workshop, or if he keeps working supplies in the garage, it's well to remind him: Never fill soft-drink bottles with danger!

Mealtime Advantage

Thought I knew every reason women prefer cooking with gas—but a neighbor showed me a new one! The gas range allows simultaneous baking and broiling. (That's important, when you plan biscuits and baked potatoes to accompany a supertime steak!) Gas cooking is fast cooking, too...no tedious wait while heating elements warm up. And the smart new styling does so much for a pretty kitchen! Choose a gas range in a new decorator color, at your local gas company or neighborhood gas appliance dealer.

Fresh-Up Salad

Doesn't this sound good? It's the salad suggested by Mrs. Eugene Ekegren, Minneapolis, Minn.: Combine 2 cups shredded raw cabbage, ½ cup chopped parsley, and one medium onion, sliced and separated into rings. Now shake together ½ Tbsp. sugar, 1 tsp. salt, 2 Tbsp. vinegar, and 2 Tbsp. salad oil. Pour over greens and toss.

No-Stick Cake

That fresh turned-out cake needn't stick to the plate, if you'll do as Mrs. Fred Novak (Howells, Nebraska) does. She sprinkles the plate with powdered sugar first. (So simple, so sensible... but it never dawned on me!)

Necessary as Mother

When Mother is away or ill, everything stops! (Try staying in bed one day—see how helpless your family is.) You're the mainstay of the household. But you have a mainstay, too: Natural gas in your all-modern home! Suppose you didn't have gas, for a day. Your range, refrigerator, hot water supply, clothes dryer—yes, even your heating or air-cooling system—would stop. It's nice to know your local gas company keeps gas coming to you constantly... 24 hours a day, 365 days a year. Northern Natural Gas Company sends it to your local gas company through constantly controlled pipelines.

Connie

West Asks Summit Meet Spadework

... Diplomatic Start In April Proposed

Paris (AP)—The Western Big 3 asked the Soviet Union Monday to begin diplomatic preparations in April for a "serious attempt to reach agreement" on world problems at a future summit conference.

Msgr. Barnes Is Leaving Holy Family ... Will Get Checkup

The Rt. Rev. Msgr. Leslie V. Barnes, pastor at Holy Family Catholic Parish, will leave the church April 10 to undergo a physical checkup at Rochester, Minn.

Msgr. Barnes said he will return to Lincoln after the checkup for a short vacation. He expects to return to the Lincoln Diocese for a new assignment.

A permanent new pastor will be appointed to serve at Holy Family, Msgr. Barnes said.

Msgr. Barnes, former superintendent of parochial schools for the Diocese of Lincoln and an Army chaplain, came to Holy Family in 1950.

A native of Ceresco, Ia., he was the late Bishop L. B. Kucera's first chancellor and a former chaplain of St. Elizabeth Hospital.

On the occasion of the 25th anniversary, in 1952, of his ordination as a Catholic priest, the 57-year-old alumnus of the University of Nebraska was honored with an official cablegram from the Vatican extending Pope Pius' blessing.

Demo Dworak Not To File For Congress Seat

Lincoln Star Special
Omaha — Architect Leo J. Dworak told The Star Monday night he will not file as a Democratic candidate for the Second Congressional District seat now held by Republican Rep. Glenn Cunningham of Omaha.

Dworak had been mentioned as a possible candidate.

Meanwhile, Joseph V. Benesch, 58-year-old former state senator (1947-50) and the 1956 Democratic nominee, said he would make a final decision on whether to seek the post again later this week.

Filing deadline is Thursday. John T. Salistean of Omaha and Francis Casey of Plattsmouth have filed for the Democratic nomination. Cunningham is thus far unopposed for the GOP bid.

Toastmasters 403 To Install Sewell On Wednesday

Howard Sewell will be installed as president of Toastmasters 403 at the group's semi-annual installation dinner Wednesday, 6:30 p.m. at the Capital Hotel.

Frank Brooks is retiring president. Other new officers to be installed are Don Crosier, educational vice president; Howard Doty, administrative vice president; Elmer Maser, secretary; Hal Dutton, treasurer; and Steve Laub, sergeant-at-arms.

Dr. Leo Anderson of York, Area 4 governor of Toastmasters, will conduct the installation.

The Wednesday night meeting will also be Ladies Night.

be made in Moscow toward the end of April, through normal channels. It insisted that a summit meeting on international tension could succeed only through advance diplomatic spadework, possibly leading to a preparatory foreign ministers conference.

The Kremlin has opposed a preliminary foreign ministers meeting, but recently changed position slightly. It agreed to a meeting if the foreign ministers confined themselves mainly to setting an agenda for the summit meeting.

Joint Position

Envoys of the United States, Britain and France handed the joint note to Soviet officials at the Kremlin. A North Atlantic Treaty Organization Council announcement said the note's contents expressed the joint position of all NATO's 15 member nations.

The West suggested that if preliminary discussions through diplomatic channels in Moscow should show promise, then a meeting of the 4 foreign ministers might follow.

The foreign ministers would not be expected to make decisions on world problems, but merely to explore and block out areas of possible agreement. If they should find some such areas, then they could set the time and place for a summit meeting.

PETERSON ASKS IDENTIFICATION PUT ON BALLOT

Former State Sen. K. W. Peterson of Sargent, seeking the Republican nomination for State Treasurer, Monday asked that he be identified on the primary ballot as an implement dealer at Sargent to distinguish his candidacy from that of another Peterson seeking the same post — Marvin L. Peterson of Lincoln.

State Sen. Monroe Bixler of Harrison also is seeking the GOP nomination to the post now held by Ralph Hill.

Hill, serving his second term, cannot succeed himself under the Nebraska constitution.

State law provides that candidates with similar names, seeking the same offices, may identify themselves on the ballot. The identification is limited to 5 words plus the name.

Youth Hurt As Horse, Auto Hit

Ron Wise, 16, of 6012 Francis received minor injuries Monday when the horse he was riding became startled and darted into the side of a stopped auto at 44th and Adams.

According to police the impact threw Wise over the top of the car, which was driven by Mrs. Geraldine Maren, 34, of 4835 Pioneer.

Wise, who sustained cuts on the left hand, was treated at a local hospital and then released.

Woman's Hand Injured In Crash

Mrs. Evelyn E. Green, 19, of 649 No. 27th received cuts on her right hand Monday night in a 2-car collision at 21st and O.

She was a passenger in a car driven by Robert Earl Shepard, 53, of 649 No. 27th. Driver of the other vehicle was William A. Ray, 27, of 620 So. 9th.

Mrs. Green was treated at a local hospital and then released.

Demos Fight Civil Rights Delay Action

Washington (AP)—Southern Democrats fought a delaying action in the House Monday in their losing battle to block funds for the Civil Rights Commission.

They succeeded in putting off a final showdown until Tuesday after being bested in a preliminary vote by 105-65 in their fight to deny the commission the \$750,000 requested by President Eisenhower.

Monday's test was on an amendment adding that amount to a general \$15,558,870 appropriation bill financing the White House and related activities for the fiscal year starting July 1.

Tentative

Since it was not a roll-call vote, the balloting was only tentative but there was no doubt what the final outcome would be when the roll is called Tuesday.

A gentleman's agreement among House leaders barred roll-call votes Monday, and Southern Democrats demanded a roll-call on the civil rights appropriation.

About half a dozen Republicans joined Southern Democrats to make up the 65 votes against the allotment.

Rep. Rabaut (D-Mich.), who offered the amendment providing the commission's funds, told the House it had an obligation to finance the commission which it created when it passed the 1957 civil rights law over Southern opposition.

Col. Bell Rites In California

Funeral services for Col. William A. Bell, former Lincoln resident, were held in St. Clement's Episcopal Church, Huntington Park, Calif. Col. Bell was assistant administrative director of Rancho Los Amigos Hospital in Downey, Calif.

Col. Bell was connected with Donley-Stahl Co. from 1929 to 1940, when he returned to the service. He was active in the Legion, 40 & 8, Rainbow Veterans, Reserve Officers Association and a member of Phalanx. He was a member of St. Paul Evangelical Reformed Church.

In World War II, Col. Bell was a medical supply officer and in 1943 became medical supply officer at the Port of Los Angeles. He was stationed in Japan with the 28th General Hospital from March 1945 to November 1948 as executive officer.

Mrs. Bell was the former Anna Osthoff, who taught at Whittier Junior High School.

Invade Embassy

Tokyo (INS)—About 20 Japanese students invaded the American Embassy in Tokyo to protest U.S. nuclear tests scheduled at Eniwetok next week.

Police said 3 of the demonstrators, who left a written anti-H-bomb protest in the embassy, were arrested.

A U.S. Embassy spokesman said the students snake danced through the iron gates in front of the embassy door before they left.

Most State Leaders Oppose Veto Of Farm Price Freeze

President Eisenhower's veto of the freeze bill on farm price supports Monday met with general disapproval from Nebraska farm leaders.

However, the Farm Bureau, which represents some 19,000 Nebraska farm families, disagreed. "We're opposed to selective price freezes," Charles Marshall, head of the Bureau, said.

Meanwhile, the effect of the veto and the expected inability of Congress to override the presidential action will not reduce farm production, Everett Peterson, University of Nebraska agricultural economist, said.

He pointed out that dairy production increased as its price supports went down. With low feed prices prevalent and the pasture season coming on, production is likely to be stepped up, he said.

The retail effect is "uncertain," Peterson said. Comments from leaders of other Nebraska farm organizations:

Pearle Finigan, National Farmers Organization: "It is again evident that the President and the Republican administration have written off farmers and people interested in agriculture as unimportant to the economy and unnecessary in an election. Eisenhower has a callous disregard for the farmer. Nebraska will lose millions in net income. . . and it will be reflected in cities and towns throughout the state."

Elton Berck, Farmers Union: "We had been hopeful the President would sign the measure. We know several comprehensive farm bills are now under consideration in the Congress and had hoped the status quo could be maintained until action was taken on those measures. The veto will result in a considerable drop in farm income — and we'll all feel it."

George Spidel, Nebraska Grange: "It looks as if the consumers bloc in the thickly populated part of the country is being catered to at the expense of the farmer in these pre-election months. This action will cost the nation's farmers some \$500 million this year."

Mrs. Bookstrom Rites Thursday

Funeral services for Mrs. Ellen M. Bookstrom, 82, 2012 A, who died Monday, will be held at 2 p.m. Thursday at the First Lutheran Church. Burial will be in Lincoln Memorial Park.

Mrs. Bookstrom had lived in Lincoln since 1901, coming here from Sweden where she was born. She was the wife of John F. Bookstrom. They celebrated their 50th wedding anniversary in June, 1954.

Mrs. Bookstrom is survived by her husband, two sons, Fred C. and Harold R., both of Lincoln; daughters, Mrs. Martha Cummings of Holdrege and Mrs. Alice Hart of Marion, O.; sister, Hanna Wikstrom of Gothenburg, Sweden; 7 grandchildren and 1 great-grandchild.

YOUTH CAUGHT AFTER CHASE AT 75 MPH

A 17-year-old Lincoln youth, driving a borrowed 1955 sports car, was booked on 4 separate counts Monday after a high-speed chase through Lincoln streets, police said.

According to police, the chase began at 26th and Franklin, went north on 26th where the youth ran stop signs at Washington and A at speeds of 50 miles an hour and continued west on D where the car was clocked going 75 in a 35 m.p.h. zone.

The youth then turned right at 19th, they said, hitting the northwest curb blowing out the left-rear tire. The driver, accompanied by a 16-year-old companion, then drove the car into a private garage and attempted to change the tire. Police apprehended the duo there.

Police have charged the youth with speeding, reckless driving and on 2 stop sign violation counts.

Wooden Leg Catches Fire; Iowan Injured

Lowden, Iowa (AP)—Otto Helscher, 75, was burned severely Monday after his wooden leg caught fire while he was burning grass and leaves here.

Helscher fell into the bonfire as he was trying to extinguish the flames on the artificial limb.

A group of men working nearby put out the fire. Helscher was taken to a relative's home where he was listed in fair condition.

5-Day Fast Hospitalizes 15 Rebels

Brownsville, Tex. (AP)—Nearly half of the 35 jailed Cuban rebel sympathizers have been hospitalized as the result of their 5-day fast. The 20 who stayed in their cells Monday night continued to refuse their food trays.

Seven of the prisoners were transferred from the Cameron County Jail to a hospital Monday night. Eight fellow strikers were hospitalized earlier. Authorities said the men had not eaten since their pre-dawn arrest Thursday.

An official medical bulletin said the men were in "good condition and good spirits."

The hospitalized rebels were not being forced to eat. All refused food.

For the first time since the hunger strike began the prisoners at the jail were not forced to go to the cafeteria at mealtime. Trays of food were taken to the men in their cells but were returned untouched.

The men say they are refusing food in protest of U. S. arms shipments to Batista forces in Cuba. They say they expected to continue their hunger strike until the United States assures them the shipments will cease.

Man Missing As New Slide Buries Coast Highway

Los Angeles (AP)—A massive landslide plunged down from the Pacific Palisades Monday at a spot where workers were clearing an earlier slide. One man was reported missing.

Police at the scene, near Santa Monica, reported by radio that a State Division of Highways worker, V. O. Scheff, was caught by Monday's slide.

The 300-foot-high Palisade collapsed at the same spot where a slide closed the Pacific Coast Highway early Thursday.

Ten cars, a dump truck and a bulldozer were reported under the wall of earth.

Mrs. Abel Still Weighing Filing

Speculation continued to mount Monday night as to whether Mrs. Hazel Abel of Lincoln will file for a seat in Congress.

Mrs. Abel told The Star she is "still weighing the possibility" of seeking the Republican nomination for the Senate or 1st Congressional District seat.

Filing deadline is 5 p.m. Thursday.

HINKY DINKY

1333 "O"

Well, we must all get out tonight and put tie-tacs on windows. And stick pins in doorbells. A kind of junior grade Halloween, this April Fool's Day.

Hard work these days. Door bells have gone out of fashion. These days we hang Swiss cowbells over the door. Or we have little chimes or triangles you beat with a little brass chime beater. That is the way we live in suburban elegance these splendid days.

Well, I was all for setting a milkman trap this morning. But was cried out of it on the basis that the milkman could break his neck and sue me out of house and home.

Gad, it seems anybody can sue you today. If your baby bites the baby-sitter, they do not sue the baby. No, they sue you. I cannot see why. It is not as though you handed the baby a loaded 44. The baby grew its own teeth.

Nonetheless, if the baby bites the baby-sitter, the baby-sitter can show the teeth marks to the jury. The jury then awards the baby-sitter your house and mortgage. Car and payments due. Frightening.

The way you set a milkman trap is a caution. You just take a piece of dark string, see? And you tie this to the bannister where he walks up the stairs, see?

When he comes down the stairs, you pull the string tight.

It was better when milkmen had bottles that crashed. I imagine a milkman dropping a bunch of waxed cartons would be like a bunch of wet firecrackers. Duds. A fat milkman makes more noise than a thin milkman.

There is also the Disappearing Purse. That would be a good one for today.

You take a purse — one of those little purses with a snap fastener is best because you can tie a string to the cross-over snap.

Anyway, you take this purse and stuff it with old paper. You tie a dark thread to it. And you lay the purse carelessly on the sidewalk. Then you get off behind the bushes.

Well, sir, pretty soon a lady will come walking along with a load of groceries. She sees the purse and looks all around. If nobody is watching, she will put down the groceries and reach for the purse.

Just as she almost gets her hands on it, you YANK! Then run!

I think when you set up the Disappearing Purse for a lady, you should not do it on your own property. If she falls down, she can sue you. Even though she is trying to cop somebody else's purse, the greedy thing.

I did not know this when I yanked stuffed purses away from ladies who were trying to kite purses. I have just learned it in recent years. I have an insurance policy to keep such people from suing me. It is called a comprehensive policy. Funny name?

It comprehend me in case somebody wanders on my property and stabs themselves stealing roses. In case they stick their fingers in a light switch. Or slip on a roller skate.

I wish I knew how much I was comprehended for. I wish I knew if it was enough to pay off a milkman caught in a milkman trap. Just about time he went back to get the extra pint of cream—WHAM!

There is hardly any fun any more. Any day.

Yogi Berra Suffers Injured Hand As Yankees Lose To Los Angeles

Ticket Drive To Get Early Start
Lincoln Mayor Bennett Martin (center) made a "deal" Monday afternoon at City Hall. When Bob McNutt (left) and Joe Silverman (right), co-chairmen of the Lincoln Chiefs' pre-season ticket drive dropped in to invite him to the Kickoff Breakfast Wednesday morning, he agreed to attend—if they would allow him to buy the first book of tickets. McNutt and Silverman assured him he could have Book No. 1 Wednesday morning. (Star Photo.)

PLANS COMPLETE FOR DUCAT DRIVE

... Goal 50,000 Chiefs Tickets

Final preparations for the 4th annual Lincoln Chiefs pre-season ticket drive, sponsored by the downtown and suburban civic clubs, were being completed Monday.

The bargain book tickets have arrived and will be ready for distribution on schedule. Rip Collins, former St. Louis and Chicago Cub slugger who will be the keynote speaker at the Kickoff Breakfast Wednesday morning, is slated to arrive Tuesday afternoon.

Co-chairman Joe Silverman Monday stressed the importance of 100% attendance at the 7:15 a.m. breakfast at the Cornhusker Hotel Wednesday. "We have a new system this year," he said. "Workers will be assigned cards so that each club and individual will have a fair chance in the ticket-selling contest."

"It's very important that everyone be at the breakfast in order to get the drive off

Wesleyan Faces Kearney Today

Kearney State, perennial track power and once again favored to win the Nebraska College Conference, will be tested by tough Nebraska Wesleyan here today at 3 p.m. Kearney has a pair of victories under its belt, including a 90-41 setback of Omaha U last week. NWU opened with an easy win over Northwest Missouri.

Off results of those 2 meets, Wesleyan can expect to win most of the track events, while Kearney will probably prevail in the field. Greater Kearney depth establishes the Antelopes as the favorite.

Catfish Dinner Tonight

The Nebraska Better Fishing Arsn. will hold its annual catfish dinner tonight at 6 p.m. at Cotner Terrace. Mel Steen of the Nebraska Game Commission will be guest speaker.

Wahoo Hears Bush

Wahoo — Jerry Bush, University of Nebraska basketball coach, was the principal speaker Monday night at the annual Wahoo High School athletic banquet.

St. Petersburg (AP) — Catcher Yogi Berra suffered a split hand Monday as the New York Yankees dropped a 7-3 decision to the Los Angeles Dodgers.

The Yankee backstop was struck on the right hand by a foul tip from the bat of second baseman Charley Neal, the ball splitting the web between the middle and ring fingers. It is estimated that he will be out at least a week.

The injury came in the fifth inning, when the Dodgers scored three unearned runs to break a 3-3 tie. They added another unearned marker in the seventh.

Los Angeles made only seven hits, but four were for extra bases. They took to a 3-0 lead in the second on a double by Gil Hodges, and Randy Jackson's homer, a walk and pitcher Don Newcombe's two batters. Tom Sturdivant, the starter, gave up the other three scores in the fifth on a walk, a dropped fly, Duke Snider's single and Hodges' second double.

Newcombe gave up a run in the third on successive doubles by Sturdivant and Hank Bauer and a pair in the fourth on a pass to Mickey Mantle, Bill Skowron's triple to left and an infield out.

Los Angeles 030 030 100-7 7 1
New York 001 200 000-3 6 1
Newcombe, Sherry (3), Cullum (4) and Walker, Sturdivant, Grim (6), Duren (8), Monroe (9) and Berra, Howard (5).
W-Newcombe, L-Sturdivant.
Home runs—Los Angeles, Jackson.

Pierce Sparkles

Tampa, Fla. (AP) — Billy Pierce, pitching the first seven innings, and Jim Wilson limited the St. Louis Cardinals to one hit Monday as the Chicago White Sox took a 7-0 victory in the opener of a doubleheader.

Pierce yielded only a sharp single by Wally Moon and served but one walk. Wilson held the Cards hitless in the last two innings.

Jim Landis homered for the Sox in the fourth and Jim Rivera slammed a three-run homer off Herm Wehmeier during a four-run seventh that gave Chicago a 6-0 bulge.

St. Louis won the second game, 7-5, in a contest called after six innings.

(First Game)
St. Louis 000 000 000-0 1 0
Chicago 000 000 000-0 0 0
Mizell, Wehmeier (7) and H. Smith; Pierce, Wilson (6) and Batiw, W-Pierce, L-Mizell.
Home runs—Chicago, Landis, Rivera.

(Second Game)
St. Louis 000 400-7 7 0
Chicago (A) 020 030-5 9 4
Jackson and G. Green; Wilson, La-Palme (3) and Moss, L-Wilson.

Bucs Win Again

Fort Myers, Fla. (AP) — The Pittsburgh Pirates rallied for two runs in the ninth inning to defeat the Milwaukee Braves 4-3 and run their only winning streak of the spring to three games.

Frank Thomas tied the score in the final frame with a homer off Bob Buhl, who was tagged with the loss. Bob Clemente reached first on Red Schoendienst' error, advanced to second on a sacrifice and scored on Hank Foiles' single.

Stephens Shines

Orlando, Fla. (AP) — Ted Williams' stand-in Gene Stephens, continued on his hitting spree, punching out three hits in four trips and

his second home run of the spring as the Boston Red Sox chalked up their eighth straight victory, an 8-3 triumph over the Washington Senators.

Stephens had a pair of RBI's and a big assist from Pete Runnels, who had four singles in five trips in the 10th Boston offense.

Pinch-hitter Neil Chrissy doubled home a pair of Washington runs off starter and winner Al Schroll.

Boston 000 015 110-8 10 2
Washington 000 200 100-3 6 0
Schroll, Wall (6), Kelly (9) and H. Sullivan, Daley (1), Hyerly, Wiesler (5), Clevenger (7), Saven (9) and Courtney, W-Schroll, L-Wiesler.
Home runs—Boston, Stephens.

A's Nip Tigers

West Palm Beach, Fla. (AP) — Ray Herbert worked his way out of jams in the eighth and ninth innings, protecting a one-run lead and enabling Kansas City to defeat Detroit 5-4 in an exhibition baseball game.

Kansas City had a 5-1 lead

after six innings but Harvey Kuenn whittled the margin with a three-run homer in the seventh off Duke Maas.

Herbert, replacing Maas, let runners get to second and third with two out in the eighth but then retired Billy Martin on a bounce to third.

Detroit 100 000 300-4 13 1
Kansas City 300 002 000-3 8 0
Lary, Presko (7) and Lau; Maas, Herbert (7) and House, W-Maas, L-Lary.
Home runs—Detroit, Kuenn.

Score Hurts

Phoenix, Ariz. (AP) — South-paw ace Herb Score and right-hander Ray Narleski limited San Francisco to four hits as the Cleveland Indians whipped the Giants 8-2 in a baseball exhibition game.

Three of the hits came off Score, who worked five innings, and only one off Narleski in four.

Preston Ward and Gene Woodling hit homers for the Tribe.

The Indians jumped San Francisco starter Paul Giel

for six runs before he left the mound with one out in the third.

Score, making a comeback after being hit in the eye by a line drive last spring, has pitched 15 innings this spring, given 8 hits and 6 runs, struck out 16 and walked 7.

Cleveland 303 110 000-8 7 1
San Francisco 000 000 000-2 6 6
Score, Narleski (6) and Naragon; Giel, Constable (3), Miller (9) and Thomas; Katt (8), W-Score, L-Giel.
Home runs—Cleveland, Ward, Woodling; San Francisco, Spencer.

Hillman Goes Route

Mesa, Ariz. (AP) — Dave Hillman became the first Chicago Cub pitcher to go nine innings Monday when he hurled a brilliant 1-0 triumph over the Baltimore Orioles.

Hillman, who won 6 and lost 11 last year, limited Baltimore to three hits. He had a one-hitter going into the eighth when Baltimore added two singles.

Baltimore 000 000 000-0 3 1
Chicago (N) 000 100 000-1 7 0
O'Dell, Zuverink (8) and Ginsberg; Hillman and Neuman, L-O'Dell.

Johnson Safe On Error

Lonnie Johnson of Nebraska Wesleyan is safe on a play at first base in the Plainsmen's first game of a doubleheader with Winona College of Minnesota when a wild throw got past first baseman Don Segermark. Umpire is George Binger. (Star Photo.)

440 Mark Is Likely To Fall This Season

(Second in a series concerning Nebraska high school track records and some of the stars who may endanger them this season. Today — middle distances.)

By Al Beebe

At least one of the middle distance events, the 440, is extremely likely to have a new record set this year. At least, there are several of the top stars from last year back to try again.

The all time quarter-mile mark may not be broken, since it was set with the advantage of both a wind and nearly straightaway track. That mark is 49.6 by L. Price of Omaha Tech in 1922.

But the Class A mark of 50.5 is in trouble. Among the returnees is a boy who just missed that time by .1 of a second last year, Robert Cross of Boys Town.

Then there is Omaha Central's great 440 pair, sophomore Ken Russell and Gene Owen. Russell clocked a 51.2 and Owen 51.5 to take 4th and 5th in the state last year. And two boys who had 51.9 times, Tom Saunders of Columbus and Jim Killinger of Hebron, also return. Saunders warmed up to his task with a 52.3 mark last week, mighty good for this early in the season.

Other top returning campaigners are John Judd of Chadron, who did 52.3 last season, Gregg Brady of Omaha North, and Larry Houtz of Madrid, who was third in Class D.

The 880 may not have the quantity of the quarter-mile event, but the quality is there. The list is headed by the Class B champion, Emmett American Horse, who did 2:01.0 for Gordon last year and will compete for Chadron

Prep this season. And the man who pressed American Horse in the B finals, Larry Patterson of Cozad, is back to try again. His best time was 2:01.5.

Among the bigger schools, the top returnees are Tom Komarek of Creighton Prep (2:03.9) and Lincoln High's Joe Moore (2:05.5). Also back are Kenny Rethmier of Ne-ligh and George Krauss of McCook.

Joe American Horse, the top miler in Nebraska for several years, is at the University of Nebraska now after completing his career at Gordon. His

Huskers Defeated In Tennis, Golf

Wichita, Kan.—Nebraska's Cornhuskers dropped golf and tennis tilts to the University of Wichita here Monday, losing in golf 15 to 5½ and in tennis, 6-4.

Bruce Russell saved the Big Eight squad from a shutout in tennis by out-stroking Wichita's Dick Fitzgerald 6-1, 6-3. A soggy course and cool winds hampered the golfers, with Wichita's Tommy Amend coming closest to the par 71 with a 79.

GOLF
Mike McCullison (N) tied with Duke Evans 15½-15½.

Tom Fulkerson (N) tied with Tommy Vickers 15½-15½.

Tommy Amend (W) defeated Dennis Mullins 6-4.

Butch Van Dusen (W) defeated Tom Kessler 5-0.

McCullison-Fulkerson (N) defeated Evans-Vickers, 15½-15½.

old school has another top hope, however, in Basil Red Owl.

Red Owl was fifth in Class B last year as a freshman, and had a 4:42.5 time. That equaled the best by Joe American Horse when he was a freshman.

Top returning miler is Omaha North's Tom Ash, who was second in the Class A event last year and turned in a 4:35.6 time.

Other returnees include Don Peterson of Papillion, 3rd in Class C, and Warren Woods of Lincoln Northeast, fifth in Class A. Woods, with a 4:49.5 last week, has already nearly equalled his best mark last year of 4:47.0.

Here are the all time and state records in the 3 events.

440
All time record—49.6 (wind, straightaway), L. Price, Omaha Tech, 1922.
State records—Class A—50.5, Charles Hunley, Falls City, 1956; Andy Cousins, Omaha Central, 1953. Class B—51.2, Robert McArthur, South Sioux City, 1958; Robert Niemann, Hebron, 1953; Hans Arps, Schuster, 1954. Class C—50.9, Keith Gibson, Ewing, 1955. Class D—51.5, Harold Lamb, Palisade, 1931.

800
All time record—1:58.0, Hobart Jones, Lincoln High, 1948.
State records—Class A—1:58.2, Ken Ash, Omaha North, 1956. Class B—1:59.3, Bob Ginn, Madison, 1959. Class C—2:00.0, Don Moorhouse, Calberton, 1948. Class D—2:01.1, Creighton Hale, Hardy, 1941.

1 Mile run
All time record—4:26.2, Bill Mountford, Red Cloud, 1947.
State records—Class A—4:26.2, Bill Mountford, Red Cloud, 1947. Class B—4:28.1, Joe American Horse, Gordon, 1957. Class C—4:37.2, Hubert Frank, Tobias, 1922. Class D—4:36.7, Donald Glatzer, Amberst, 1922.

6-4, Bill Potter (W) def. Art Weaver, 6-2, 6-4.

Norris Barker (W) def. George Fisk, 6-0, 6-4.

Pete Piper (W) def. Charles Kress, 6-0, 6-4.

Ernie Russell (N) def. Dick Fitzgerald 6-1, 6-3.

Carter-Barker (W) def. North-Weaver 6-1, 6-2.

May, PGA In Financial Spat

Chicago (AP)—Promoter George S. May Monday night cancelled the 1958 Tam O'Shanter golf tournaments worth about \$210,000 because of what he called a financial disagreement with the Professional Golfers' Assn. of America.

May's action followed a rejection of tournament contracts drawn up by the PGA and mailed by J. Edwin Carter, tournament bureau manager of the PGA, March 19.

In a letter to Carter, May said:

"We have decided to cancel out all of our tournaments this year. This includes the All America Open for \$30,000, the world invitational for \$105,000, the women's All American Open for \$8,000; the women's world invitational for \$17,000 and the \$50,000 contract for the winner of the world invitational amounting to a total of \$210,000 in cash prizes. Also in this connection, we are canceling out the All American amateur and the amateur world invitational. "We are taking this action because we are being deprived of revenue — entry fees—which we sorely need to keep on presenting the world's richest golf tournament."

My, president of the George S. May Co., business engineers, which has distributed \$1,942,860 in purses in the last 17 years, in his letter summarized a meeting between himself and PGA officials at the PGA convention in Long Beach last summer.

At that time, May said, he "Protested emphatically against the growing 'take it or leave it' attitude of the Professional Golfers' tournament committee in practically refusing to meet with sponsors of their several tournaments, a protest I made so strong (that it) caused at least one member of the committee to sound a warning against the danger of the players 'biting the hand that is feeding us.'"

"Last year our entry fees totaled \$22,115," continued May. "This year you are not collecting any entry from the Los Angeles Open, the National Open, the Masters, the Houston Tournament (which cut the purse from \$40,000 to \$30,000), the Dallas Open and several others. None of these purses are over \$50,000. Why should we have to pay a heavy penalty because we have been the world's richest golf tournament?"

"Why this discrimination? Has the Professional Golfers' Assn. tournament committee forgotten or doesn't it care, that by our action in sending Lew Worsham, Bob Toski, Julius Boros and Ted Kroll, winners of the world championship of golf in 1953, 54-55 and 56 to 235 cities of this country, Central America, South America and Europe, my company has made a contribution to the development of the game in general and to the Professional Golfers' Assn. in particular, a contribution which I challenge any individual club or association to equal let alone exceed."

Rightfielder Larry Lewis of the Cornhuskers was the only player on either team to collect two hits, one of his safeties being a double. Houston helped the visitors with five errors. Three by third baseman Max Wilson.

Woodling, Doby Are Swapped

... 5 Players Shift

Tucson, Ariz. (AP)—The Cleveland Indians and Baltimore Orioles Monday made a five-player trade in which Gene Woodling, the Indians' leading hitter last year, goes to the Orioles

and center-fielder Larry Doby returns to the Indians.

The Indians also gave up outfielder Dick Williams and southpaw Bud Daley.

They received Don Ferrarese, a 28-year-old southpaw pitcher, in addition to Doby.

Frank Lane, general manager of the Tribe, revealed the transaction in Scottsdale after an afternoon of bartering with manager Paul Richards of the Orioles.

The major part of the deal, Lane said, was Woodling for Doby.

Fremont Wins Final Relay To Edge NE Thinclads In Dual Meet, 62-61

Lincoln Star Special

Fremont — Fred Scott anchored Fremont's 880-yard relay team to a record-breaking victory and a 62-61 triumph over Lincoln Northeast in a windy dual track meet here Monday.

Scott also led a Fremont sweep in the 100 yard dash and added a win in the broad jump as greater depth paid off for the Tigers. Northeast won 8 events to only 6 for Fremont.

Fremont's win in the 880 and 2-mile relays turned the tide, however.

Six records were set in the meet, 4 by Northeast. A high wind, sometimes gusting as much as 40 mph, nullified some other marks.

Fremont's records were 1:39.3 in the 880 relay, and

9:33.0 by the two-mile foursome.

Records set by Northeast were a 1:35.0 discus toss by Roger Bailey, a 5:08.1 mile run by Warren Woods, a 55.3 440 gallop by Glen Heiser, and a 2:10.9 clocking in the 880 by Jerry Witherby.

The Rockets were hampered by the absence of vaulter Mike Scodris, who pulled a muscle Sunday night. Scodris was a probable point-getter in 2 events.

Scott's marks in his 2 victories were good for this time of the year, but both were aided by the wind. He ran the 100 in 10.3 and broad jumped 21-2. His jump also bettered the record, but was not allowed.

Northeast's next meet is at Beatrice Thursday.

Field Events

High jump—Won by Rich Smith, NE; 2-Larry Woods and Dave Bowers, NE. HT—5-6.

Broad jump—Won by Fred Scott, F; 2-Bowers, NE; 3-Gary Warden, F. D-2-2.

Discus—Won by Roger Bailey, NE; 2-Dick Kocour, F; 3-Bill Simms, F. D-2-10.9. (New record, old record 131.0.)

Shot put—Won by Simms, F; 2-Gene Glass, NE; 3-Bailey, NE. D-43.0.

Pole vault—The Gene Smith and Bailey, NE; 3-Gie Jack Welton, F; Bill Malmstein, F. H-10-3.

Track Events

60 high hurdles—Won by Modris Bandars, NE; 2-Larry Gitt, F; 3-Welton, F. T-1-6.

100—Won by Scott, F; 2-Warden, F; 3-Dick Huff, F. T-10.3.

200—Won by Warren Woods, NE; 2-Bob Fazen, F; 3-Warren Ellerman, F. T-5:09.4. (New record, old record 5:09.4.)

400—Won by Glen Heiser, NE; 2-Gary Palmer, NE; 3-Tom Blumhans, F. T-2:10.9. (New record, old record 2:12.2.)

800—Won by Jerry Witherby, NE; 2-Dick Lamb, F; 3-Gary Matson, NE. T-2:10.9. (New record, old record 2:12.2.)

1000 hurdles—Won by Welton, F; 2-Bandars, NE; 3-Gitt, F. T-12.3.

2-mile relay—Fremont (Don Dickmeyer, Ken Marsh, Gary Borgmeyer, Dick Drum, T-9:33.0 (new record, old record 9:41.))

4-mile relay—Northeast (Palmer, Woods, Allen, Neuman, Heiser, T-47.0.

800 relay—Fremont (Huff, Art Nelson, Warden, Scott) T-1:39.4 (new record, old record 1:39.3).

Bassey Picked To Retain Title

Mexico's Moreno Is Rugged Featherweight Opponent

Los Angeles (AP)—World featherweight champion Hogan (Kid) Bassey risks his title tonight against knockout artist Ricardo (Pajarito) Moreno of Mexico in a fight expected by few to last the scheduled 15 rounds.

It is Bassey's first defense of the crown he earned last June in Paris when he stopped Cherif Hamia of France in the 10th round. The fight is scheduled for 11:45 p.m. (CST) in Wrigley Field.

If unsettled weather turns good as forecast, 20,000 or more fans are expected to pay \$200,000 to see the fight, with the 25-year-old champion collecting a guarantee of \$70,000. There will be no radio or television.

Bassey, unbeaten in 20 straight fights and a professional fighter since 1949, is the betting favorite at odds of 2-1.

But Moreno, the 21-year-old challenger from Mexico City, is unquestionably the box-office attraction.

An estimated 8,000 of his countrymen will have swarmed into Los Angeles from Mexico City and even farther below the border, and additional thousands will sit in from the huge local Mexican colony.

"I shall not be bothered by my opponent's supporters. Perhaps they will be applauding for me before it is over." So said the little fellow from the distant coast of West Africa, speaking the English he learned in school in Lagos and during his recent years of residence in London.

In the punching department, both fighters are essentially specialists with the left hook.

Bassey is far and away the better boxer, primarily because Pajarito (Little Bird) is simply a slugger and boasts an exciting record of 29 knockouts in 33 fights.

Unquestionably Pajarito at 21 lacks the experience of Bassey's 61 professional fights and the champion's all-round craftsmanship. The likeable Mexican lad has been boxing only since 1954 as a pro.

But Moreno can match Bassey's aggressiveness and he cannot be surpassed if the thing develops into an all-out back alley brawl.

Bassey has twice lost on technical knockouts because of cut eyes, and he has been legitimately on the floor at least twice, once in the Hamia engagement.

Moreno has been stopped but once, and that was more from exhaustion than anything else. He simply refused to train for anything more than a 5-round fight and he ran out of gas in seven rounds here against Jose Coto.

Gonzales Extends Lead Over Hoad

Atlanta (AP)—Pancho Gonzales came from behind Monday night to beat Lew Hoad of Australia 3-6, 6-2, 6-1 in a professional tennis match.

The victory sent Gonzales out front 26-23 in the battle for the world supremacy in pro tennis. The tour that started in Australia has 47 nights to run.

An estimated 4,800 fans, believed to be the largest tennis audience in Georgia history, watched the match at Georgia Tech's Alexander Memorial Coliseum.

all the new Canvas Colors

Plan now to include decorative canvas awnings in your scheme for cool summer living this year. You'll find exciting new canvas colors to blend or contrast with the siding of your house or to accent painted shutters

or doors. Whether in gay stripes or subdued solids, canvas awnings will keep rooms 8 to 15 degrees cooler and save you money on air conditioning costs. Call us today and avoid rush-season waiting. Free estimates.

Penalty Gives Win To Johnson

Wilmington, N.C. (AP)—Howie Johnson, aided by a penalty stroke Arnold Palmer called against himself, gained the first major tournament victory of his brief professional golfing career Monday, winning the Azalea Open playoff by one stroke.

Johnson, who turned pro in January, 1956, after selling insurance for six years, shot a 37-40-77, five over par for the 6,651-yard Cape Fear Country Club course. Palmer had a pair of 39s.

Victory was worth \$2,000 to the 32-year-old Johnson, who plays out of Glenwood, Ill. Prior to Monday he had won only \$1,578 in official money this year. Palmer's \$1,500 runnerup check brought his year's total to \$8,600.

Palmer, 28-year-old defending Azalea champion from Latrobe, Pa., charged himself with an extra stroke on the 14th green. He said his ball moved as he was preparing to putt it the first time. The penalty gave the 1954 national amateur champion a five on the par-four hole.

Johnson took a six on the same hole, using two shots to get out of a trap. That reduced his lead to two shots.

Palmer shaved one stroke off the lead with a par-three on the 16th but he lost two great stretch chances when he missed short putts. He three-putted No. 15, missing from two feet, and he missed from three feet on 17.

Johnson said later he "appreciated Arnie missing those putts."

Each had a par-four on the 18th hole, Johnson making a fine shot to the green from the rough. Palmer's second hit the edge of the green then rolled back, down below the putting surface.

They had tied after 72 holes with 282 totals in the \$15,000 tournament.

Sugar Ray Wants Million

Ogden, Utah (AP)—Sugar Ray Robinson has told local promoters he will fight Gene Fullmer in Utah for a million dollar guarantee. The promoters said Monday they think the middleweight champ wants to bargain.

A syndicate headed by bowling promoter Maxie Kosof Saturday wired Robinson they would guarantee him \$100,000 plus a cut of television, radio and other proceeds if he would meet former champ Fullmer here or in Salt Lake City in late July.

A return wire from George Gainford, Robinson's manager, said the time and place were acceptable. "Only add one zero to your guarantee."

There hasn't been a million-dollar game in the fight game for more than two decades.

Mary Jensen, manager of Fullmer, from West Jordan, Utah, said the ex-champ could have polished off either Robinson or Carmen Basilio in their title bout last week in Chicago.

CELTICS LAND TWO ON NBA ALL-STAR SQUAD

New York (AP)—The Boston Celtics, defending champions, placed Bob Cousy and Bill Sharman on the National Basketball Assn. 1958 All-Star team announced Monday.

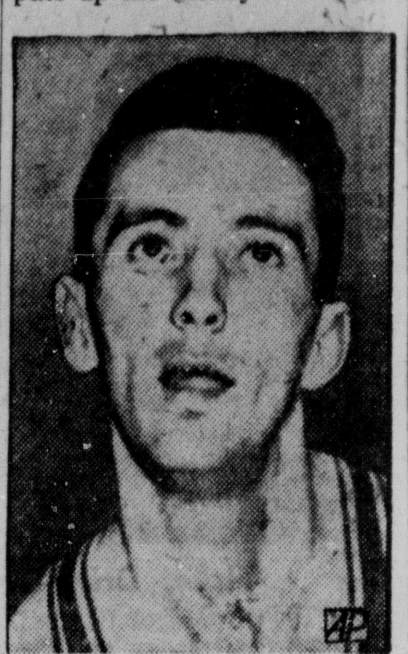

Bob Pettit of the St. Louis Hawks, George Yardley of the Detroit Pistons and Dolph Schayes of the Syracuse Nationals completed the first team selected by sportswriters and sportscasters in NBA cities. They were instructed to make their choices on the basis of three forecourt and two backcourt players.

Cousy received the most votes in making the first team for the seventh straight year, but he was not an unanimous choice. Pettit and Schayes were runnersup in the balloting.

Big Bill Russell, Boston's rebounding ace, was named on the second team along with Tom Gola of the Philadelphia Warriors, Maurice Stokes of the Cincinnati Royals and Cliff Hagan and Slater Martin, both of St. Louis.

Woody Sauldsberry of the Philadelphia Warriors was voted rookie of the year.

Players on the first team each will receive \$200 as will Sauldsberry for the rookie honor. Second team players each will get \$100. The NBA puts up the money.

COUSY... most votes.

Lawyer Offers Congress Plan To Save Baseball

New York (AP)—C. Leo Deorsey, the outspoken lawyer who is a director of the Washington Senators, Monday offered Congress a plan to save baseball from "being murdered by the big leagues."

In a first person, copyrighted article published in this week's Look Magazine, Deorsey said "Congress must act quickly. Otherwise, the greed and public-benefit attitude of a few club owners and officials will destroy the national pastime as we know it today."

"As a lawyer and not as a baseball man," who a year ago set off controversy with his statement that baseball is a big business. Last June, in an article titled "can baseball survive?" he directed a plea to baseball itself for "corrective action."

In the current article, titled "The Big Leagues Are Killing Baseball," Deorsey writes that commissioner Ford Frick and some major league club owners "were quick to ridicule me" following his article of last June.

Deorsey asks legislation (1) "curbing attendance-killing broadcasts (TV, radio) . . .," (2) limiting a big league club's control to 40 players—25 on its own roster with 15 farmed out instead of a couple of hundred . . .," (3) "providing that a minor leaguer may not be sold, traded or transferred—except to a major-league team—without his permission," and (4) "that would give major-league teams to cities that deserve them and still ensure the minors some protection against the big-league invaders."

Deorsey also had some pointed remarks for Frick for the way the National League's Dodgers and Giants "elbowed their way" into Pacific Coast League territory, and the New York Yankees'

original claim that New York was closed territory.

Deorsey did side with other baseball officials, however, in criticizing the proposed bill now in sub-committee stage in Congress. The bill, which would clamp pro baseball, football, basketball and ice hockey under anti-trust jurisdiction except for any activity which was "reasonably necessary," would "befuddle baseball worse than ever," Deorsey said.

"This bill would be a bonanza only for the legal profession," he added.

Deorsey also warned that in addition to his proposed reforms, "baseball must rebuild its own house. The commissioner's office should be given unlimited power to act, or it should be abolished."

Frick declined comment "unless I get a chance to read the article."

Pistol Club Edges

Omaha 360 Shooters.
The Lincoln Rifle and Pistol Club edged the Omaha 360 Club by one point, 1345-1344, in a 22 caliber indoor pistol shoot here Monday night.

In club shooting, Floyd Flader topped master with 290, Paul Hayes and P. Rosene won expert with 261, Robert Thompson led sharpshooter with 270, and Bill Lovelace led marksman with 259.

Team scores:
Lincoln—Flader 287, Thompson 277, Way 261, Hays 267, Rosene 253; Omaha—Warren 273, Brown 262, Drake 273, Timberman 256, Coesh 258.

Golfers Pick Sam Snead To Win Masters Tourney

Augusta, Ga. (AP)—A warm-up round of 67 stirred new interest Monday in the "I like Sam Snead" club, but Sambo himself is playing it modest. He picks young Ken Venturi as the next Masters golf champion.

"I've been having trouble with my irons for about five weeks," said the drawling slugger from White Sulphur Springs, W. Va. "I can't get the ball close enough to the hole, and I can't buy a putt for love or money." The man who can't approach or putt whipped around Augusta's picturesque acres in 32-35-67, five under par, and sent a chilling wave through the ranks of the world's best golfers, who tee off in the 22nd Masters tournament Thursday.

"I don't care what tournament it is, if you don't pick Snead you've got rocks in the head," said Jimmy Demaret, the only man besides Snead to win three Masters crowns.

"Don't worry, he will have his game collected by this week-end. He will take a lot of beating."

"I have to buy that," said Ed Furgol, the lame-armed former National Open champion. "You can never pick against Snead."

Dicky Mayer, the golf-

ing capitalist who won the National Open and Tam O'Shanter's "world" titles last year, discounted his own chances because of staleness and said:

"You can't overlook Snead. He's got the power for the big course. He's always the man to beat."

Snead played nine holes with his old rival, Ben Hogan, and couldn't be convinced that the once-fearful Texas hawk is the deadly links killer of other years.

"Ben is not driving as well as he once did," Sam said. "He was in a lot of trouble, but his putting was great. He sank some real snakes."

"But I figure the boy to watch is Venturi. I haven't played much with him, but from what they say he's going strong. He's eager and he's got the game."

After two days of rain, a bright sun bathed President Eisenhower's favorite golf course Monday and golfers turned out in droves for practice. The layout, a 6,980-yard backbreaker which plays par 72, continued to tax the muscles even of the heavy hitters.

A surprise was Japan's five-foot-three Torakichi (Pete) Nakamura, who with partner Koichi Ono, got a first glimpse of the Mas-

Decision Reversed In Dupas Case

New Orleans (AP)—The Orleans Parish Court of Appeals Monday reversed a lower court and dismissed a suit in which lightweight boxing contender Ralph Dupas sought to force the city of New Orleans to issue him a birth certificate showing his race as white.

Civil District Court Judge Rene A. Viosca had held that Dupas should be issued the certificate. But Appeals Judge Richard T. McBride ruled that Dupas was actually Ralph Duplessis, born in Plaquemines Parish, and therefore his court had no jurisdiction.

Max Zeligin, one of Dupas' attorneys, said he would ask a rehearing before the appeals court. If necessary, he said, the matter would be taken to the state supreme court.

Dupas needs the certificate to be eligible to fight against white fighters in Louisiana. A 1956 state law prohibits athletic competition between Negroes and whites.

Dupas is scheduled to fight welterweight Ramon Fuentes of Los Angeles here April 7.

The New Orleans boxer also has signed for a lightweight title bout against champion Joe Brown, Negro boxer from New Orleans, in Houston, Tex., May 7.

Judge McBride did not rule directly on the race issue Monday.

But those opposing Dupas' bid for a birth certificate showing him as white have contended that he is Ralph Duplessis and he was born in Plaquemines Parish of Negro parents.

"After sifting, analyzing and digesting the contents of the sizeable record, there is only one logical conclusion we can reach and that is Ralph Dupas—is the same Ralph

Duplessis who was born to Peter Duplessis and Eveline Duplessis in Davant, Parish of Plaquemines, on Oct. 15, 1935," Judge McBride said.

Because Dupas has not proved he was born in Orleans Parish, the judge said, "We cannot order the officials of the city of New Orleans to issue a birth certificate to him."

Southeast Keglers Post High Mark

Five bowlers from Lincoln Southeast won the boys division Mail-O-Graphic Bowling Tournament sponsored by the Lincoln Junior Chamber of Commerce here with a score of 2883.

That mark is higher than the score which placed fifth in the state and 26th in the nation for Lincoln last year. National results will be announced after comparison by mail.

Members of the winning team were Larry Klepinger, Jim Lewin, Mike Donahue, Bob Masters and Ron Krumm. Gaylen Hadley of Lincoln High topped individual scores with 225 game and 558 series.

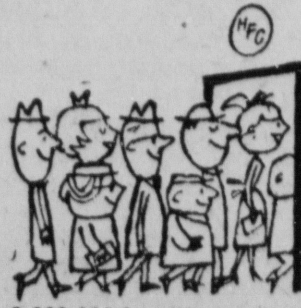

A 2320 score won the girls division. That mark was posted by Barbara Nightingale and Charla Bates of LHS, Judy Ames of Uni High, and Marilyn White and Mary Jo Mays of Lincoln Northeast.

Miss Nightingale had the high game of 186, while Lincoln's Kathy Dinges' 413 was the top series.

Twenty-eight teams were entered.

Ten of North Carolina State's 15 freshmen basketball players come from outside the state.

Sioux Depot Employment 'Stabilized'

Nebraskans Confer With Sec. Higgins

Washington (AP) — Western Nebraskans reported receiving assurances Monday that employment at Sioux Ordnance Depot is stabilized.

Jack H. Lowe, publisher of the Sidney Telegraph, and Clark Williams, Scottsbluff trucking company executive, made that report after a conference with Army Secretary Higgins.

They quoted Higgins as saying the depot's mission is well stabilized and that he (Higgins) could see no reason for further personnel reductions.

"I am more satisfied now than ever before," Lowe said, "that the depot is certified as a permanent Army installation."

Senators Curtis and Hruska, and Rep. Miller sat in on the conference.

Lowe and Williams later huddled with John Ferry, special Air Force assistant for installations, concerning the possibility that the depot might be used as a backup installation for a missile launching base at Cheyenne, Wyo.

Miller said the depot has become an important part of Sidney's economy.

Used For Storage

The depot, located on a 20,000 acre tract of land, now is being used to store ammunition and such things as trucks for the Army. An estimated 2,000 items are stored there.

It was built in 1942 and employed about 2,000 persons during the peak of the Korean war. Employment is down to an estimated 800 persons.

National Guard Reorganization Coming—Daniel

Omaha (AP) — Maj. General Derrill M. Daniel reported Monday that the National Guard and Army Reserve will undergo reorganization and modernization.

Daniel said the Army is making the changes to meet the changing condition of warfare and new weapons systems.

Gen. Daniel commands the 16th corps which administers the Army reserve program in Nebraska, Colorado, Kansas, and Wyoming.

In recognition of the dual federal-state status of the National Guard and the special problems it creates, said Daniel, Army Secretary Brucker has written state governors asking their support.

The reorganization will take place over a 2½ year period. At the end of that time it is proposed that the Army Reserve include 21 National Guard and 6 reserve combat divisions. This would be a reduction of 6 combat divisions for the National Guard and a reduction of 4 combat divisions in the Army Reserve.

Henninger Sees No Change Here

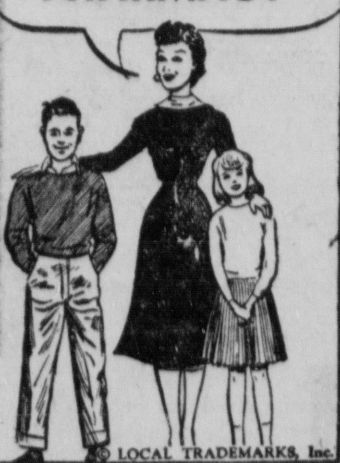

Maj. Gen. Guy N. Henninger, Nebraska adjutant general, said Monday he doesn't believe Nebraska's National Guard Division will be eliminated under the Army's reorganization plan.

"There's no definite determination of just exactly what they propose to do," Henninger said, adding that it probably will be "middle summer" before it is determined which divisions will be eliminated.

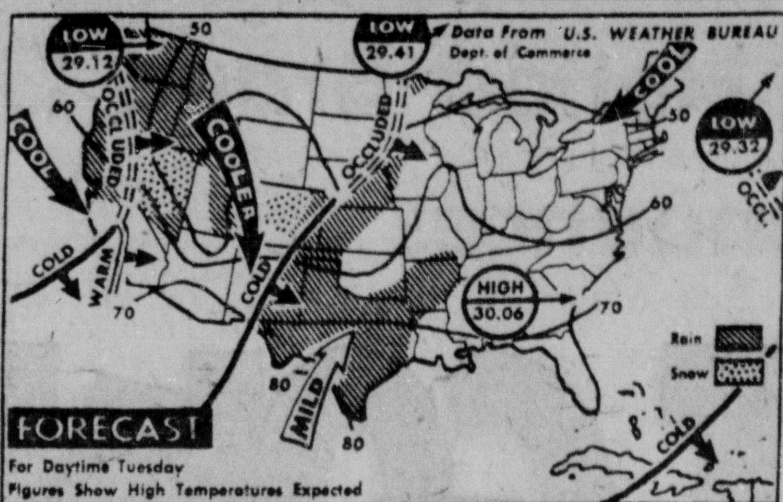

"I really don't think we'll be," Henninger stated, "because we have such a fine division and I don't think they want to eliminate such good ones."

April Showers Due To Launch Month

Showers are slated Tuesday for all or parts of Nebraska, Texas, Arkansas, Oklahoma, Kansas, South Dakota, Iowa, Minnesota and Colorado. Rain or showers, with snow in higher elevations are due in region from northern and central Pacific coast eastward through the plateau. Snow flurries are slated for higher Colorado elevations. (AP Wirephoto Map)

Alcohol Plant Could Get Into Full Operation Within 90 Days

Washington (AP) — The House Agriculture Committee was told Monday it would take 60 to 90 days to get the Omaha Alcohol Plant into full operation. That testimony came at a hearing on a bill designed to open the plant as an emergency measure to process

moisture-laden corn which isn't eligible for government loan.

Rep. Harrison (R-Neb.), author of the bill, said after the hearing that he doubted if

Benkelman Angus Grand Champ In North Platte Show

North Platte, Neb. (AP) — John Spencer of Benkelman showed the grand champion Monday in the Western Nebraska Aberdeen Angus Assn. show.

Snyder Brothers of Paxton had the reserve champion. Spencer and Snyder Brothers each had 2 class champions. Bert Randall of Holyoke, Colo., won the fifth class.

In an FFA-4H judging contest, a Valentine FFA team was the senior winner and the North Platte FFA the junior winner. Individual champions were Katie Stoeger of the Lincoln County 4-H team in the senior division and Jerome Knowl of North Platte FFA in the junior division.

any committee action would be taken before the Easter recess. George Johnson, Hastings, Neb., and J. Leroy Welsh, Omaha, supplied an estimate on opening the plant. They said it would consume 10 million bushels of grain annually and produce about 25 million gallons of industrial alcohol.

Welsh, chairman of the President's commission on increased industrial uses of agricultural products, said there is enough grain within a 100-mile radius of the plant to keep it in continuous operation.

Chairman Poage (D-Tex.) noted it obviously would be May 1 before any such emergency legislation could be passed, putting any possible opening of the plant off until about July 4. He asked if this would take care of the emergency situation.

Harrison commented afterward that such legislation, while it perhaps wouldn't take care of all such grain, "will be a step in the right direction."

Walter Berger of the Commodity Stabilization Service told the committee the Agriculture Department has no recommendation on the proposal.

He said on the basis of a July start, "I wonder if that's going to help very much."

Sens. Curtis and Hruska and Rep. Miller of Nebraska submitted brief statements supporting the proposal.

Five-Way Contest Seen For Assessor

Franklin, Neb. (AP) — A 5-way contest has shaped up for Franklin County assessor.

Persons seeking the post include: Gene Raber, Rex Boyce and Charles Mucklow, all Democrats; and Orville Clow and Daws Platt, Republicans. Oscar Thomas, who is not seeking re-election.

Oahe Tunnels Contract Goes To Five Firms

Omaha (AP) — The Corps of Engineers awarded a contract for \$13,613,613 Monday to a combine of 5 firms who will jointly build the upstream half of the 7 flood control tunnels at Oahe dam on the Missouri River in South Dakota.

The project involves excavation, bracing and concreting of 7 intake substructure shafts going down 140 feet from the ground level and the 7 tunnels reaching downstream from the base of these shafts an average of 1,075 feet. The work is to be completed by September, 1960. Contracting for the downstream half of the tunnels still is to be done.

First power from Oahe Dam is scheduled to go on the line in July, 1962.

The successful joint bidders on this project were: Morrison-Knudsen Inc., Boise, Idaho; Peter Kiewit Sons Co., Omaha; Al Johnson Construction Co., Minneapolis, Minn.; Condon - Cunningham, Inc., Omaha; and F. S. Contracting Co., Butte, Mont.

Youth Injured In Toy Cannon Blast

Omaha (AP) — A toy cannon made from a lipstick tube blew up in the face of 15-year-old Robert Rabb Monday.

The boy was treated for facial cuts and burns at Douglas County Hospital, then transferred to another hospital.

Phillip Kirschbaum, 16, said he watched as young Rabb put the lipstick tube containing gunpowder, buckshot and a steel washer, in a notch in a wooden fence and touched a match to a hole bored in the base.

It exploded and the boy staggered and fell, clutching his face, Kirschbaum said.

Dump Truck Box Crushes Lewellen Man

Lewellen, Neb. (AP) — Ralph Waldo, about 62, was fatally injured Monday when the box of a dump truck fell on him crushing him between the frame of the truck and the box.

A physician said Waldo lived about 30 minutes after he was freed. The hydraulic hoist collar on the truck was not operating, and a group of men had to lift the box from him.

Waldo was a farmer who lived about 5 miles east of Lewellen. He was prominent in community affairs.

He was one of 10 volunteer workers who were hauling sand and gravel for the driveway to the Lewellen Community Hospital.

Waldo had taken the truck to a Lewellen garage to have the hoist straightened and was bent over the frame of the truck, with the front end of the box suspended above him, when it fell.

2 Lincoln Firms Get Contracts For Hospital Project

Nebraska City (AP) — The Beall Construction Co., Lincoln, was awarded the general contract for construction of a \$1,400,000 St. Mary's Hospital project.

Beall entered a low bid of \$699,949. J. J. Hanighen Co., Omaha, with a bid of \$411,532, won the mechanical contract, and the Mason Electric Co., Lincoln, received the electrical contract on a bid of \$96,583.

Some \$200,000 furnishings will be purchased at a later date for the new wing on the present hospital and a service wing, which will include a new kitchen and heating plant. The hospital will be air conditioned.

To Honor Omahan

Omaha (AP) — An Omaha Chamber of Commerce public affairs luncheon next Monday will honor I. W. Carpenter who has returned to Omaha after 3 years as assistant secretary of state for administration.

No Other Paper Like It! Only this paper carries all of the splendid features you find in today's paper.

Vanover Receives \$1,000 For Study

Holdrege, Neb. (AP) — Ben Vanover, Holdrege High School science teacher, has been awarded a scholarship of about \$1,000, plus fees, to do graduate work in biology at the University of Wyoming this summer.

Vanover won the scholarship from the National Science Foundation of the Atomic Energy Commission. A member of the Holdrege faculty for 9 years, he teaches biology, physics and general science.

SAC Planning 1,050 Units On Guam Island

Omaha (AP) — The Strategic Air Command is going to take bids May 13 on construction of 1,050 living units to be built on the island of Guam.

The 20-million dollar Capehart housing project is the first off-shore housing SAC has built for itself.

Aside from native coral, every bit of material for the houses will have to be shipped from San Francisco to the port of Agaña, then moved 30 miles overland.

The job is in an area of tangled jungle.

Labor will be imported from the Philippines.

The houses are to be built of reinforced concrete panels with concrete roof slabs. They are designed to withstand typhoon winds and earthquakes. For the sake of livability, the houses are designed to keep the air moving through them. Window areas will be massive.

Falls Into Cistern

Wayne, Neb. — James Colligan, 2-year-old son of Mr. and Mrs. Donald Colligan, escaped with a few scratches when he fell into a dry cistern at the home of Mrs. Myron Colson. Firemen were called to extricate the youngster.

**100 PHILCO
"SLENDER SEVENTEEN"
PORTABLE TV SETS!**

Big, beautiful and '58-new TV, in a trim new form really designed to be carried. Styled to look stunning from any angle. Living room, kitchen, patio... now, wherever you go, you can take the show!

PLUS: \$100 Cash Bonuses to every prize winner who gets an oil change with either New Conoco all-season **Super** Motor Oil or Conoco **Super** Motor Oil before sending in his entry blank, and has entry blank so certified by his Conoco Dealer signing in space provided.

*Choose any 1958 Cadillac model (Series 62) you prefer: convertible, hardtop, sedan... or similar choice of comparably priced car (maximum retail value \$6200). We'll fill it with \$10,000 in cash!

©1958, Continental Oil Co.

IT'S EASY TO WIN! Just complete this simple jingle:

Drive in today and you will soon know

Why the Hottest Brand Going is Conoco;

Try our gas, oil, service—and you'll agree,

For Example: It's Conoco care for my car—and me!

How to enter: Obtain an official entry blank from any Conoco Dealer. Complete the last line of the jingle printed on the entry card. Your last line must rhyme with agree. Print your name and address in space provided. You may enter as often as you wish, but use only official entry blanks.

Where to send: After completing entry, tear out of folder, affix 3¢ stamp, and mail to: Conoco Hottest Brand Going Contest, Box 7508, Chicago 77, Illinois.

Other Rules: Contest begins April 1, 1958 and ends May 15, 1958. Entries must be postmarked before midnight, May 15, 1958. Contest is subject to the complete rules as set forth on the entry blank available at all Conoco Dealers'.

\$100 Cash Bonus: Contestants who get an oil change with either New Conoco all-season **Super** or Conoco **Super** Motor Oil and have their entry blank certified by Conoco Dealer signing in space provided will receive a \$100 Bonus Prize if their entry is judged as one of the 112 winning entries.

Hints to help you win: You'll have a better chance of winning if your last line to the jingle points up one or more of the following facts about Conoco—The Hottest Brand Going!

Facts about Conoco Products:

Conoco Royal Gasoline with TCP *plus*... combines benefits of TCP† with exclusive oil-plating action... boosts power as it cuts wear as it increases mileage... protects as it powers.

New Conoco all-season *Super* Motor Oil... exclusive Oil-Plating® actually plates a full-time film of protection to upper engine parts that can't drain down... even overnight. Gives you faster, safer starts, automatic warm-up, up to 80% less engine wear.

Conoco Royal Service: Every Conoco Dealer has pledged himself to give you the most complete and courteous service on the highway... to give you that wonderful Royal Feeling when you drive!

Facts about Continental Oil Company:

- It's America's second oldest major oil company.
- The famous Conoco Red Triangle is seen by 48 million people everyday.
- Conoco serves the people of 27 states in the heart of America, through 8,766 service stations.

†Trademark owned and patent applied for by Shell Oil Company.

State PTA Group Changes Tax Resolution

The legislative committee of the Nebraska Congress of Parents and Teachers (PTA) has changed its resolution favoring a broadened tax base to strike out endorsement of specific tax changes.

The committee now recommends that the state organization "support legislation which will provide that a substantial part of the revenue from a broadened tax base be appropriated for support of the common schools."

The earlier resolution had favored a state sales and income tax.

Consumers, NPPS Pacts Will Take Another 30 Days

Columbus, Neb.—Power contracts between Consumers Public Power District and the Nebraska Public Power System will not be completed for another 30 days, the 2 organizations announced Monday.

The agreements were to have been completed Tuesday.

The delay had been earlier forecast by officials last week.

"The tremendous volume of work and reducing technical language into contract form" were cited as reasons for the 30-day delay in readying formal agreements.

"No major roadblocks or disagreements" have developed in the negotiations, D. J. DeBoer, executive director of NPPS, and Ray Schacht, general manager of Consumers, stressed in a joint announcement.

Continued progress has been made on all points, the officials said.

"The contracts are being ironed out by legal and engineering staffs and it is hoped they will be in the hands of the directors by the end of April," the announcement said.

The contracts are the culmination of many weeks of studies and negotiations between Nebraska power agencies.

Schacht pointed out that Consumers' legal and engineering staffs are currently engaged in work associated with legal action in Beatrice.

He said a hearing will be held April 7 to determine the legality of a wholesale power contract with the city of Beatrice.

Unlimited Aid

Cairo (INS) — A source close to the United Arab Republic said the Russians are prepared to offer President Gamal Abdel Nasser "almost unlimited aid and unprecedented security guarantees."

Nasser is scheduled to visit Moscow late in April.

Another Fracture

Hagerstown, Md. (AP)—Four-year-old Duane Robinson is back in the hospital again with his 52nd bone fracture since birth.

He's the victim of the bone disease, osteomyelitis.

Doctors said Duane suffered several fractures even before he was born.

Kellogg's ALL-BRAN

BREAKING AMERICA'S LAXATIVE DRUG HABIT

of managers, "will give us something to work on in the next legislative session (1958-59)," Mrs. Hanneman pointed out.

The board of managers will consider the recommendation at a meeting in Lincoln April 8. The next day the managers will submit their recommendation to delegates at the PTA convention here.

Request Granted

Milwaukee (AP) — Richard Aaron, 21-year-old ham radio operator, took Radio Moscow at its word when it offered in a propaganda broadcast beamed to American short wave listeners to "play music at your request."

He received a reply saying his request would be broadcast on April 19. Aaron's request: "The Star Spangled Banner."

You can install a new furnace—or make any other improvement your home needs! Under the Continental TIME-CREDIT plan you can borrow up to \$3500 and take up to 5 years to repay!

That means you can budget your home improvements with low monthly payments—nothing down!

There's no red tape—no delay when you borrow at Continental. It's really easy to get the money you need.

Check the chart below—then stop in our Installment Loan Department (Eleventh Street Entrance) or see one of the dealers listed at right.

Payments include interest—there are no other carrying charges

If You Borrow	12 Mo. Payments	24 Mo. Payments	36 Mo. Payments	48 Mo. Payments	60 Mo. Payments
\$ 200.00	\$ 17.55	\$ 9.18	\$ 6.39	\$ 4.98	\$ 4.17
400.00	32.64	17.34	11.71	9.16	7.52
600.00	47.73	25.01	17.06	13.24	11.03
800.00	62.82	32.68	22.41	17.32	14.38
1,000.00	77.91	40.35	27.76	21.40	17.73
1,200.00	93.00	48.02	33.11	25.48	21.08
1,400.00	108.09	55.69	38.46	29.56	24.43
1,600.00	123.18	63.36	43.81	33.64	27.78
1,800.00	138.27	71.03	49.16	37.72	31.13
2,000.00	153.36	78.70	54.51	41.80	34.48
2,200.00	168.45	86.37	59.86	45.88	37.83
2,400.00	183.54	94.04	65.21	49.96	41.18
2,600.00	198.63	101.71	70.56	54.04	44.53
2,800.00	213.72	109.38	75.91	58.12	47.88
